# URGENT WARNING - Tsunami of Violence Headed for South Africa

## Update

22 Nov 2022

### Pushing Back The Tsunami of Violence - SEVEN DAYS of Prayer & Fasting

*The Lord has given us an early warning of an impending TSUNAMI OF VIOLENCE in South Africa.*

*The good news is that this Tsunami is NOT from the Lord and He wants us as the intercessors to PUSH IT BACK.*

*#ViolenceMustFall*

*To push it back we are calling a 7 day Fast across South Africa and asking that all intercessors gather in their groups and join us online for live prayer meetings to pray into this Tsunami. The Prayer starts on the 23 November and will continue for 7 days until the 29 of November.*

*I will be hosting a special live prayer Meeting at 8 am till 9 am on the 23 November.*

*In 2017 the Lord gave us many warnings about three separate Tsunami's coming to South Africa.*

1. The first was a real Tsunami Wave of Water of Judgment.
2. The second Tsunami wave would be Wave of Violence.
3. The Third wave would be a Tsunami of Revival in South Africa.

*Early in 2018 we gathered with a group of intercessors and held an URGENT Court Case in Heaven, for two days. The Lord told us the judgment had been averted and He was giving us time.*

The latest version of the Journal has more than 77 different people who had dreams and visions talking about a Tsunami coming to Cape Town and South Africa.

*The PDF can be downloaded here <https://goo.gl/L8mUpr>*

*It is clear that based on the dream below that the enemy is ready to release the second Tsunami wave, which is a Tsunami of violence, in order to bring death and destruction on South Africa and further delay REVIVAL in South Africa.*

*Cape Town is where revival will start and be released across South Africa, Africa and Israel.*

*Therefore, the enemy is attacking Cape Town first with a wave of violence which he intends to spread across South Africa.*

*I truly believe as we stand in the gap that the Lord will turn this plan of the enemy for destruction around and release the 3rd Tsunami in Cape Town, which is the Tsunami of REVIVAL.*

*NOW is the TIME!!! Let us UNITE as ONE NEW MAN in Christ*

*Below is the summary of the word given to Serah Da Luz in Cape Town.*

A PROPHETIC WARNING GOD GAVE ME FOR HIS CHURCH IN SOUTH AFRICA...

**Date: 9 Nov 2022**

"TELL MY PEOPLE..."

I received a Word from the Lord on the 3rd of November followed by a dream on the 4th of November 2022 with a warning to the Body of Christ and how we need to respond in action.

Word Received on the 3rd of November 2022

As I was in a deep time of prayer with our Lord, He gave me this Word:  
"TELL MY PEOPLE ISAIAH 59:2"

"But your iniquities have separated you from your God; And your sins have hidden His face from you, So that He will not hear. (Isaiah 59:2 NKJV)

REPENT AND TURN BACK TO ME, I Am waiting for You to birth forth as I have desired it to be for you.

Come to Me, sit with Me and I will hear from you, Come beloved."

Dream Received on the 4th of November 2022

The very next day I attended a camp on a mountain, called Heavens View. That evening I had a dream that which I now know is prophetic as this relates to the Word received on the previous day. The dream was vivid but with details that I could see. I feel the need and prompting from the Holy Spirit to share it....

#### DREAM FIRST SCENE

A Tsunami like WAVE  was heading towards me and there were other people also in that area. We all could see this wave  coming towards us as it was increasingly filling up the bay. Suddenly I saw two men standing near to me. The one man was gentle and soft spoken, saying in his gentle voice: "Sera you can push back this wave". The other man was standing slightly away from us behind the gentle man but he seemed a bit agitated and didn't say anything. The next minute they were both gone.

#### NEXT SCENE

Thereafter I saw a tall building and suddenly found myself ushering these people and directing them to line up by standing in pairs of two, holding hands and advising them to go in to the tall building moving safely and as quickly as they could.

#### NEXT SCENE

I saw a pride of lions together standing behind a wired fence. They were all squashed up next to each other as if they were caged in. However as they looked at me I was not scared and right beside me stood a single lion which was very calm as if he was protecting me.

#### NEXT SCENE

All of a sudden I found myself with a few people standing what seemed to be, in a lobby - an entrance of a building. The next minute the entrance of

the door opened and people started to walk out of the building. As I looked outside it was dry, as if there was no tsunami wave OR it seemed to me that it was safe to go outside.

What seemed very strange to me, not like any of my other dreams that I have had, is that God gave me a sense of location that it was, TABLE VIEW in Cape Town.

End of dream

Whatever the enemy's plans are for destruction. There needs to be a corporate repentance, fasting and prayer again.

Portals have been opened in all different sectors of society as doorways to bring in eg. witchcraft, debouchery, homosexuality, idolatry etc. and the saints need to PRAY, FAST, REPENT and CLOSE THESE PORTALS!

#### CALL FOR CORPORATE 7 DAYS OF REPENTANCE, PRAYER AND FASTING

Today on the 9th of November after taking communion and remaining in prayer, I received the DATE from Abba Father at 13h30 for the corporate repentance, prayer and fasting. As I was laying down on the floor asking the Lord for the date, He showed me the number 23! I ran to my diary to search the date only to discover that it is exactly IN TWO WEEK'S TIME from today, also on a WEDNESDAY. To my amazement as God already layed it on my heart that it is for 7 days, it will START on Wednesday the 23rd of November and ENDS on the 29th of November 2022.

I believe that this time, we as the saints in Cape Town needs to unite corporately as the Body of Christ for 7 days. Churches, prayer groups and ministries are invited to lead their own groups as led by Holy Spirit.

Please spread this message far and wide with your churches, pastors and prayer group leaders to make the necessary arrangements. I will send a reminder before the 23rd of November 2022.

I feel the urgency to share this prophetic Word and dream so that everyone can start preparing their hearts and sense the urgency and seriousness in the Spirit to participate corporately as the Body of Christ on 23-29 November 2022.

May the Lord seal these words up with the Blood of the Lamb.

God bless you abundantly,

Shalom

SeraH

# 2017 Warnings

In 2017 the Lord spoke to us of 3 Tsunami Waves coming to South Africa. The first was a real Tsunami Wave of Water the second wave would a Wave of Violence and the Third wave would a Tsunami of Revival in South Africa.

Our Focus is to gather reliable warnings and useful information about the possibility of an impending Tsunamis hitting Cape Town and South Africa.

If you have or know someone who has had a dream, vision or revelation warning them of a coming tsunami please post it on our Facebook page <https://www.facebook.com/Capetowntsunami> or email it to info@fatherslove.co.za

We would want to gather as much evidence as we can.

At this stage we do not know the exact date.

## Plan of action:

Pray and ask the Lord if this is true and if it is true, then ask Him for His Wisdom, the plan of action and warn others. There are puzzle pieces we don't have.

Surely the Lord God does nothing, unless He reveals His secret to His servants the prophets. ***A lion has roared! Who will not fear? The Lord God has spoken! Who can but prophesy?*** Amos 3:7-8

Get your life right with Jesus now. Repent and forgive those who have hurt you. Stay close to Him and trust Him. Keep your lamp full of oil. Do not fear or panic.

## Gatherings in 2017

As the Lord leads we will be having gatherings to pray and fast over these warnings and over the coming revival.

Our first gathering was on the 9<sup>th</sup> September 2017 where we had 159 live attendance from all different churches and places we also have had 136 people watch the replay of the gathering/webinar.

WATCH THE REPLAY: Cape Town Tsunami Warning. Was a LIVE online Video Webinar Gathering! That was held on the 9th Sep 2017

[Click here to WATCH the REPLAY VIDEO](#)

Click here to download the Updated Document <https://goo.gl/eTcvVf>

This was an online meeting via video conferencing/webinar

It is for those who want to know what the Lord is saying even if you haven't received a direct warning from the Lord.

See summary [below](#)

There is wisdom in the multitude of counsel and no single person has the whole picture. We need ALL the pieces of the puzzle to have the Wisdom we need.

We really desire to hear His heart and gather all the pieces of this puzzle, so we can discern the next step and action plan based on what He shows us.

Questions we looked at were:

1. Can it be stopped in any way?
2. What does He want us to do with this warning?
3. When will it happen?
4. What practical things should we do?
5. How does the tsunami relate to the coming revival?

## Cape Town Tsunami Warning - Prophetic Meeting

Based on the Gathering on the **9th September 2017** and looking at all the dreams and words given to us contained within the journal.

We have formulated the key points of what the Lord is saying to us as His Church in Cape Town and across South Africa.

We have been called to warn the Church that there is Tsunami and other judgements that are being prepared for Cape Town and the whole of South Africa.

The Coming Tsunami is not just going to come to Cape Town coast but much of coast line of South Africa.

The Tsunami that is coming will affect most of the coast lines within the Atlantic ocean.

Here are the answers to the questions that we laid before the Lord.

### Disclaimers:

- 1. The Lord has not indicated a clear date to us at this time. As soon as we get a date or timing we would want to share it.**
- 2. We are not telling anyone to pack up and move from Cape Town. All we are saying is that you must draw close to the Lord and do what He tells you and when He tells you.**

- 3. We are not trying to instill fear but want to warn and awaken the Church to take her place and pray like never before are this time. The Lord will keep His people safe.**
- 4. We are wanting Gods mercy over Cape Town and South Africa which is Father's Heart.**

He is warning us, so we can stand in the gap and pray.

The good news is He gave us an answer to all 5 of our questions.

### **Five questions we asked the Lord about:**

#### **1. Can it be stopped in any way?**

Yes, if we humble ourselves in unified corporate repentance and prayer asking for His mercy over the city.

#### **2. What does He want us to do with this warning?**

He wants us to obey 2 Chron 7:14

"if My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land."

He wants to truly humble ourselves and not walk in this independent spirit that we find ourselves embracing within the church.

He wants us to pray corporately and ask for His conviction over the entire city starting with the Body of Christ.

He wants us to repent, this is not just saying sorry but changing our attitudes and our life styles.

To worship in spirit and truth!

### **3. When will it happen?**

We do not yet have a date and we cannot force the Lord to give us a date.

This word shared by Johan Van Antwerpen will shed some light on the timing.

*We think of time in terms of chronological events, it is chronos time. God is not bound by chronos time, He created time.*

*God works in kairos time. Chronos time refers to a specific point on a chronological timeline, kairos time refers to the time when all is in place for an event to take place. If this happens then this will happen as a result.*

*The two major events pointed out to me on the kairos list for the physical tsunami hitting Cape Town, is a festival of lust taking place in the Cape Town / Seapoint area and a gathering of world / worldly leaders (not necessarily politicians) in Cape Town to promote their agenda.*

*The reason He has given us time before this event, is that is His mercy and grace to give us time to share the word and warn others and repent and pray. He has no pleasure in anyone's death. There is an end to this time and this grace.*

Three things God gave us to keep holy: Intimacy, power and wealth. These 2 events seek to pervert these three things.

### **4. What practical things should we do?**

We should be prepared to travel without warning! Emergency bag packed.

We need to warn those we know and love that live on the coastline of South Africa especially Cape Town.

If we do not warn them we will be guilty of their blood... Ezekiel 33:1-10

We should not only be ready to escape, but also to rebuild after the disaster.

We need to have a follow up gathering in Cape Town over a few days, to seek His face!

## **5. How does the tsunami relate to the coming revival?**

**Other points that we need to mention:**

The Lord is about to write a whole new book for the destiny and future of Cape Town.

How is your relationship at this moment with Jesus and Abba Father? Are you really in an intimate relationship with your Father?

Are you walking in the Spirit?

Are you ready and prepared?

We were blessed to see the believers unite as one over this issue and seeking the Lord!

The purpose of the judgments is to cleanse the land!

The Tsunami of revival cannot be stopped, which we are looking forward to.

**Similarities within the dreams:**

1. This is going to be a global event, which means it will affect many nations across the globe.
2. A lot of fear was released at the sight of the tsunamis.
3. Those who believe and take heed to the warning will get to safety before it hits, they hesitate at all. They will be saved as in the days of Noah where eight souls were saved as they believed the warning of the coming judgement.
4. The church basically laughed off the warning, as they did not believe the warnings.
5. Also, many people saw that certain people, (those who knew the Lord) in the dreams were safe.
6. There are many dreams pointing towards a coming asteroid, which explains why the magnitude of the Tsunami.
7. There is a way of escape and that would be over the mountain through the N2 tunnel.
8. There is not only a physical tsunami coming but three different Tsunamis 1. Tsunami of violence, 2. Tsunami of water 3. Tsunami of Revival.
9. There is an invisible hand holding the Tsunami waves back at this stage.

To get the full picture you welcome to go through the journal and the replay of the Webinar here

### **Often the Lord has released Judgements just before revival**

This happened with the greatest revival in modern history the Azusa street revival, Also the revival in Indonesia.

What makes us so special that the Lord would not release judgement on us but on other cities and nations?

The flood of Houston, Texas was prophesied before it happened.

To understand how this all works you can watch an excellent video on this topic by Joe Sweet - <https://www.youtube.com/watch?v=whVzMJEo4Kg>

## **Indonesia Revival after Massive Tsunami**

Here is the extract of the word given on the Elijah list in 2005 by Todd Bentley re the Judgment in Indonesia.

### **“The Set Time”**

By Todd Bentley and Charlie Robinson

In July 2004, I was in a meeting in Vacaville, California, when I had an open vision.

I saw a massive arch angel (the rank of an arch angel assigned over a continent) with one foot on Indonesia and one foot on Malaysia. Next I saw a tsunami wave rise up out of the sea and, in the crest of the tsunami wave, I read the word REVIVAL. Then I saw the tsunami wave hit Indonesia, Malaysia, and S.E. Asia. So I prophesied what I saw as a word of knowledge as well as asking if there was anyone from Malaysia and Indonesia in my meeting. Four pastors from Malaysia stood up and one man stood up from Indonesia.

These five people took the prophecy back to Indonesia and Malaysia and they printed it out. All the churches and the pastors were reading the word. So, when Charlie Robinson (FFM's seer-prophet) went over to Indonesia and Malaysia in December, they were sharing with Charlie how they believed every part of the prophecy I gave about revival coming to Indonesia, Malaysia, and S.E. Asia.

They said, "It's all true, Charlie, except for one part. Natural disasters don't happen here." They told Charlie that they didn't believe the tsunami part of the prophecy for Indonesia.

So, Charlie said, "God will judge the seas," because he received a revelation from God about the seven thunders and how God will judge the seven seas (Revelation 10).

Charlie had already shared with one of the leaders in Jakarta, Indonesia, that God was about to strike the waters of S.E. Asia off the coast of

Indonesia because He was about to judge a principality. Charlie prophesied by faith, telling him that when God comes down and when it hits, it's going to be a mess.

Then in one of Charlie's meetings in Indonesia he felt led to have everyone roar. The church roared for a half hour! (I'll share about the prophetic significance of roaring below, see *The Seven Thunders*.)

The Lord told him there would be an earthquake after he left. When he left Indonesia six days later, on December 26, the earthquake/tsunami happened. God was judging the seas! They called Charlie and said, "It's true. Every word of the prophecy is true!"

When the tsunami happened, the entire world said, "Destruction! Oh, God, why? Why would God allow this to happen? This is judgment. 300,000 lost their lives." But listen! The crest of the wave said REVIVAL! Who would have thought revival would come with a tsunami and an earthquake?

Now, one church has grown to 5,000 people, and in the same congregations where we met before the tsunami, different manifestations are happening -- gold dust, diamonds, and feathers are appearing.

When Charlie went back in February, he said, "It (another earthquake) is going to happen again." When he left the region, he was only in the air for one hour and the second earthquake hit (an intense aftershock).

Also, not long ago, I was in Long Island, New York, and prophesied publicly, "The third earthquake will hit the Pacific." Two mornings later the island of Sumatra was hit with a 6.2 earthquake (aftershock). Recently, in Toronto, Ontario, I was with two dozen people when I prophesied, "Mark my words. Japan will be hit with an earthquake. It's the fourth one coming to the Pacific." The earthquake hit Japan a few days later. It was a 5.6.

## **WHAT DOES ALL THIS MEAN?**

What does all this mean? We need to understand that God's judgments are released as answers to prayer to ultimately bring blessing and to fulfill His

promises. And now we are bringing another prophetic word and this time it's for the Northwest. There will be a shaking. There will be a trembling.

But I am going to tell you, the shaking will not only release God's promises and God's destiny, it's going to release revival.

Let's remember in the shaking, let's remember in the earthquake in Japan and in the disaster in Indonesia, let's remember that God is saying: "REVIVAL!"

We trust the above words will shed some light and ignite your faith and love even further to draw closer to Him and ask Him for revival in South Africa and in Cape Town.

South Africa desperately needs revival, it seems judgement is needed to bring about the revival.

## Courts of Heaven 2018

Early 2018 a team of intercessors got together in the Strand in Cape Town and took this matter to the courts of heaven over two days.

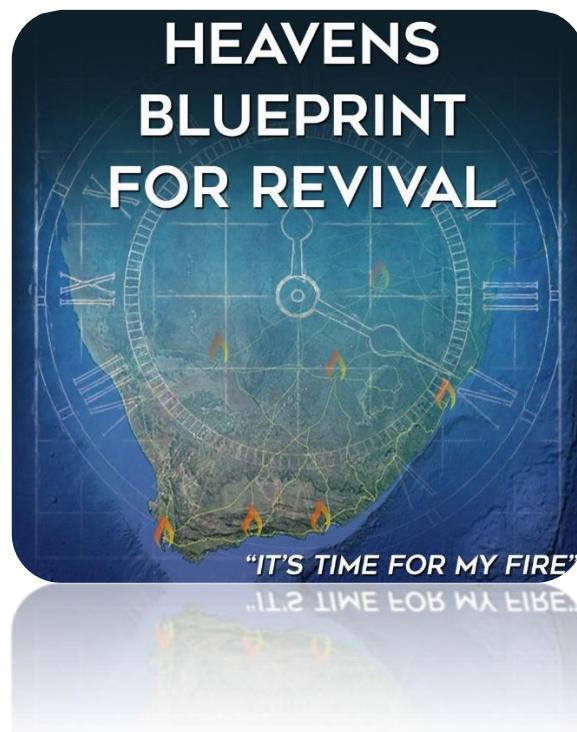

He answered us and the pending judgment was delayed due to intercession.

We do not know how long this judgment will be delayed for.

## Heavens' Blueprint for Revival for South Africa, Africa and Israel

In 2018 the Lord released His Blueprint for Revival in South Africa and Africa and Israel

[You can read more here](#)

## Practical Plan:

Stay alert, get to higher ground beyond the tunnel on the N1. If you have a car keep it full of petrol. Set up Whatsapp groups and lift club plan. Please warn others.

When the time comes, He will warn you to get out. No need to panic or be afraid, only be alert.

# Father's Heart for Cape Town and South Africa

***"By the mouth of two or three witnesses every word shall be established."*** 2

Corinthians 13:1

As I have poured over these many words and spoken to those who have had some very powerful experiences as the Lord has warned them. I now stand shocked and in awe at the clarity and consistency of the witness of so many confirmations.

There is now so much evidence that is before us as His Bride that we have to act on this and really come together as one, to humble ourselves before Him and seek His face.

Our plea as watchmen is for all leaders and believers to read through this journal and to pray about the warnings that God has given His watchmen.

The warnings span over a period of 40 years. There are more than 61 separate individuals from different churches and parts of the nation and the world that have seen these warnings.

God always gives warning before judgment.

We and the many who saw the warnings are not releasing curses or fear on Cape Town, in fact we have children, family and dear friends in Cape Town. We love Cape Town and are standing in the gap for you so that the Father's will and purposes can be established.

We are NOT desiring judgement, we want to avoid the judgments, if at all possible.

We are praying for mercy and for the church to repent in Cape Town so that revival will sweep Cape Town and the entire nation of South Africa.

If we really repent, then God will have mercy.

## This is His heart and our heart for all of Cape Town

The revival that the Lord has shown us that is coming to Cape Town and Africa is one of true godly brokenness, repentance and Father's love. This is what we are still praying for over Cape Town.

The revival of repentance will sweep across this nation changing the very fabric of our society, including government. The fear of the Lord will sweep this nation and make way for His love to fill His people so that no fear can live in their hearts. Then His glory will come and reside in and over His Bride in South Africa.

We pray that true repentance will sweep the whole church in Cape Town so that God's judgment will not be necessary. We are not praying for the judgment, but for repentance.

As the word of God says,

***"For the time has come for judgment to begin at the house of God; and if it begins with us first, what will be the end of those who do not obey the gospel of God?"<sup>18</sup> Now "If the righteous one is scarcely saved, where will the ungodly and the sinner appear?"*** 1 Peter 4:17-18

Jesus warned the Churches in Asia in Revelation 2 & 3 if they would not repent then He would have to judge them. He judges us because He loves us. Judgment is His last resort for those in pride and rebellion.

His word also says, ***"The instant I speak concerning a nation and concerning a kingdom, to pluck up, to pull down, and to destroy it,<sup>8</sup> if that nation against whom I have spoken turns from its evil, I will relent of the disaster that I thought to bring upon it"*** Jeremiah 18:7-8

***Say to them: 'As I live,' says the Lord God, 'I have no pleasure in the death of the wicked, but that the wicked turn from his way and live. Turn, turn from your evil ways! For why should you die, O house of Israel?'*** Ezekiel 33:11

We have no doubt that revival will come to Cape Town.

## **The question is what will it take?**

Will the judgments be necessary in order for revival to break forth as in the Azusa Street revival?

There was a massive earthquake in San Francisco in the very same week that revival broke out in Azusa street where thousands of people were killed and 28 000 buildings were destroyed. Bartleman a leader in the revival says: ***"I found the earthquake had opened many hearts"***

Or will true repentance come to the Church in Cape Town that will cause the city to fear the Lord and truly repent; so that God's judgment can be averted. This of course is the first prize.

We are standing with you Cape Town, to become His dwelling place. His Kingdom and His will be done on earth as it is in heaven.

Father would not have given us such clear warnings, if He never wanted us to do something about this.

It is time to gather in Cape Town and humble ourselves before Him.

In His love

Warren David Horak

## **When God gives you a warning of a disaster you must do something about it.**

Sadhu Sundar Selvaraj

The Lord told Sadhu about a coming racial riot that was coming to Charleston and Ferguson in the US.

While he was watching the news of these riots, he remembered that the Lord had told him this was going to happen and he then prophesied it the year before.

While Sadhu was watching the riots on the news, Jesus then walked in and sat down on the sofa and watched the news.

He said to Jesus this is the very thing you told me was going to happen, and was going to cause racial riots.

Jesus said, ***"yes I told you that but what did you do about it?"***

He fell down on his knees under conviction and asked the Lord what was He saying was there something that he did wrong.

The Lord then said, the wrong that you did was, **not to do anything about it.**

He still did not understand what the Lord meant.

The Lord said, ***"why do I reveal things that will come to pass? Why? It is for My people do something about it. To do something about it. You don't just take the information and you broadcast it and then leave it.***

A prophet's job is to announce what he sees, what he hears. But that day I learnt it doesn't stop there. **He should do something more.**

He should marshal, gather and provoke the people to do something about what has been revealed. If you do nothing, then whatever has been proclaimed will all come to pass. But, we can do something about it.

**Two things can be happen if we seek His face in humility:**

1. If we humble ourselves, fall on our faces and fast and pray and seek the face of God. The thing that was pronounced can be averted. Totally averted. Totally stopped, totally prevented.
2. Or if it cannot be averted and it must come to pass, then the effects and damages can be minimised.

## What is God saying about the storms – Joe Sweet

Please listen to this very important word from Joe Sweet on the storms, this has great relevance in Cape Town right now.

There are three sources of disasters we need to clearly discern what is the source - 1. Natural 2. The devil 3. God.

Gods judgments is His love sent to bring correction and life.

Joe Sweet ministers with Sadhu Sundar Selvaraj who is a true prophet of God.

# Documentaries: Find out more about Tsunamis

Two powerful documentaries to watch about Tsunamis

## National Geographic - The Next Mega Tsunami (Full Documentary)

<https://www.youtube.com/watch?v=0rscsQxPz2M>

In the Aceh Province of Indonesia on the 26th of December 2004, the deadliest tsunami in history destroyed the coast and left the world in shock. Many thousands lost their lives because they were not prepared. No one even expected the Tsunami!

"In Indonesia alone an estimated 150 000 lives were lost to a wave that no one even thought was possible here" "They were surprised because nothing of this size happened in the last 100 years and was not capable of happening"

"Only smaller earthquakes had happened in the past so no one was prepared for what happened, even earthquake scientists thought Sumatra was safe. But on 2004 the EXPERTS were proven wrong! Northern Sumatra was not safe!"

7 years later they got it wrong again! This time the wave was even bigger! In 2011 experts were caught off guard, again.

The wave shocked scientists around the world!

Earthquake expert Chris Goldfinger, "It turns out we were all wrong. We need a big dose of humility, we really just don't know.

Most parts of the world have no record of mega quakes before 2004 they were considered safe. The scientist's mistake was they were not looking far enough back in time. Just because they haven't happened in the historical period does not mean they will not happen again. The basic assumption has been completely wrong. Mega tsunamis have hit before all over the earth long before they could be detected by instruments.

Now scientists are spurring into action, racing to determine where and when the next big tsunami could strike and just how destructive it will be.

## **TSUNAMI Documentary the Next Mega Tsunami**

How do Tsunamis form and how do they behave? How far do they travel? How fast do they go? How big do they get? What causes them? etc etc.

# Warnings for Tsunami in Cape Town

## 1. Vaughn Lewis

On the 8th September 2015 I received a second dream of a tsunami destroying Cape Town. In prayer the Lord Jesus spoke to me about his Disappointment with His church in the Cape Peninsula and those who were given oversight to present his wife "the church" as a clean and pure bride on the day he returns.

## 2. Bishop Thomas Saaiden

The next warning for Cape Town Tsunami by Bishop Thomas Saaiden. Who ministered for six years with Reinhard Bonnke. He has had 13 dreams so far. The first one was about 13 years ago. This year he has had 3 dreams about the tsunami. He is not the only one.

**THREE SEPARATE TSUNAMIS**

**10 September 2017**

*If you prepare and nothing happens, you have lost nothing. If you don't prepare and it does happen, you stand to lose everything. Do not fear, but be prepared.*

I am not adding my name to the writing to promote myself, but to stand accountable for what I say. Many share messages through social media and other electronic media, but are not willing to take responsibility for their words. By

sharing this I am not saying that I am more than anyone else. We are all special in the eyes of the one true God, the One who created all, the One who purposefully created each of us and who loves us all equally.

He gave similar visions and dreams to many of us. Now is the time to reveal, to warn and to prepare. The day of the Lord is near. His time is kairos time. Chronos time is but a small piece of kairos time. It is time to rebuild your relationship with the one true God, the creator of heaven and earth. It is time to warn people to repent and turn back to God.

Below are the visions I had over the past 3 years regarding the Cape Town Tsunami, South Africa. Even though I wrote down the visions, I did not keep exact dates of the visions. I got confirmation last night, 9 September 2017, that now is the time to share the full details.

May you be blessed by what you read.

Initially no sequence was given to me, but last night the sequence of the events was revealed.

### **1. Tsunami of unlawfulness**

I saw a “Tsunami” of unlawfulness hitting the country. It was wave upon wave of violence, greed, lust etc. People do not want to turn back to God. Even Christians focus on their own opinion and own understanding of who God is, rather than seeking God. Even Christians live with an egocentric view of God and their own role in His kingdom.

We are in the midst of these waves and it will intensify if people do not repent. Repentance is not just saying “I am sorry”, repentance is turning away from wickedness. Repentance is a change of mind and heart, a change in lifestyle, a process of emptying the ego.

### **2. Physical Tsunami**

I saw a physical Tsunami hitting Cape Town. In the vision I was standing on the top of Tygerberg Hills, in the Nature Reserve. The Tsunami pushed through from Blouberg / Robin Island / Table View, but also from the Somerset-West / Gordonsbay area.

The initial wave was followed by 2 more waves, each one larger than the previous one.

The waves pushed through with tremendous force. The water came close to the top of Tygerberg Hill. The twirling and rushing of water seemed to calm down, but then it started pulling back to the sea. The force of the pull seemed even stronger than the push.

What was shaken and loosened by the waves, was taken and washed away by the pulling back to the sea. Throughout this vision I was calm, yet shocked by the devastation. I asked God: "What about the people?" He answered with questions: "Do you not think that I hold My people in My hand? Do you not think that I will save My people?"

I immediately understood that God will warn the people and allow them to leave before the waves will hit, but when the warning comes there will not be time waste in preparation or to gather stuff.

Last night, 9 September 2017, during praise and worship, I had a vision of a large meteorite / asteroid / comet travelling through space. I immediately realised that it was heading straight to earth, but could miss the earth without even influencing our atmosphere, if it could only change course by one degree in any direction.

When this flaming rock hits the sea, it will cause a huge tidal wave. The impact will cause tectonic plates to shift, causing a second wave. The impact of the waves will cause Koeberg to implode, causing a third wave.

I asked God if there is any way in which we could convince Him to stop the Tsunami. He answered that He loves all people equally and He is willing to stop it, but people do not love Him and are not willing to turn back to Him.

A shaking is required to revive people, just like punishment is needed to guide a naughty child. He is the Creator and Owner of all of creation, yet He will even save the souls of those who call on Him with true repentance when the waves hit.

He gave the warning and those who heed the warning, turn to Him and prepare physically and spiritually, will not be lost. If we all heed the warning, repent and turn back, this Tsunami will not happen.

We think of time in terms of chronological events, it is chronos time. God is not bound by chronos time, He created time. God works in kairos time.

Chronos time refers to a specific point on a chronological timeline, kairos time refers to the time when all is in place for an event to take place.

The two major events pointed out to me on the kairos list for the physical tsunami hitting Cape Town, is a festival of lust taking place in the Cape Town / Seapoint area and a gathering of world / worldly leaders (not necessarily politicians) in Cape Town to promote their agenda. Three things God gave us to keep holy: Intimacy, power and wealth. These 2 events seek to pervert these three things.

### **3. Spiritual Tsunami**

The third wave is a spiritual Tsunami of revival. True revival can only take place with true and honest repentance. Repentance is the result of realisation of how lost we are without God. Repentance is the process of turning away from and leaving that which is wrong. This wave will start in the coastal areas and sweep through Southern Africa through Africa, Europe, Asia and impacting all continents. Just like the physical wave, it will pull back. This wave will be almost the opposite of the physical wave; where the physical wave loosened and swept away the debris, the spiritual wave will wash away the impure, but only loosen and bring back those who are pure, washed by the Blood of the Lamb.

#### **Visions which should be read along with the Tsunami visions**

1. I was sitting at my dining room table building a puzzle. The table approximately is 1 meter by 2 meters. I first built the outside frame of the puzzle and then started building the scenes on the inside. Holy Spirit was standing there and whenever I could not find a specific piece, He would point out the piece to me. When the puzzle was done, it was beautiful and I looked up and saying I got the picture, now I understand. God put His thumb on one end of the puzzle and His index finger on the other end. As He moved His fingers closer together, the puzzle shrunk to the size of one puzzle piece. He said: "This is how much you understand now". We each have the knowledge of one puzzle piece, together we can see the picture.
2. I was going about my business and God asked me if I am humble. I said that I do think I am humble. He told me to look at the people around me and I did. I was in a slightly elevated position, able to see exactly what the people

were doing. Some were just doing their work, but many were acting selfishly and chasing their own desires. God told me to look down and I saw I was sitting on the shoulders of a giant. I heard God's voice: "Pride is a giant. He lifts you on His shoulders and you don't even realise that he is there."

3. We went through some really rough times and it was too much for me to carry. I was asking the Lord to help us and was going on about how difficult the situation was and how unfair life is and so on and so on. I was basically throwing my toys out of the cot. I said that this situation and life in general, is no longer comfortable. I heard God's voice saying: "I am not interested in your comfort; I am interested in your character." I immediately remembered / understood that God is the One who comforts; anything else that seems to bring comfort, is a false comfort holding back character development. My character can only be built and moulded through difficult situations – pressure and heat. This is just like an athlete preparing for a race. Strength and stamina is the result of continuous effort against resistance. Floating down a river does not teach you to swim.
4. I saw a man eating from a large pot of rice. I then saw another one eating a large pot of meat. Others were eating vegetables, also from large pots. All had large pots filled with more than they needed, yet none had a variety and none were fully satisfied and fully nourished. The thought popped into my head: Imagine how they will feast if they would only share.  
If we would come together as the body of Christ and share what He gave us, we would all have abundance in all areas of life. If we share the puzzle pieces that God gave each of us, we would better understand what He expects of us.

**In closing:**

- All people are equal
- God said: "Rule over the earth", not "Rule over each other"
- God gave each of us a purpose with the gifts to fulfil that purpose
- We were not made as islands, but as part of the body of Christ

### Tsunami Dream

4:44 am 6<sup>th</sup> August 2017

I was with two born again Jewish ladies who are friends of mine, they were with this black guy who was their friend.

They looked like they were on holiday in Cape Town.

I had been outside and was looking intensely at the water and I saw this huge, huge wall of water coming, at a speed.

A huge tsunami wave was moving into where they were.

I was just there to warn them.

It moved at such a speed and I ran back inside and shouted,

**"there is a tsunami coming you got to get out of here now."**

**"It will be here within an hour."**

The one friend's hair was still wet as she had just washed it.

She kind of laughed and said she will go and dry her hair and then we will go.

She was really lackadaisical about it and kind of laughing at me, not taking it serious.

I then helped the black older man to pack his bags. I was also packing a tool box for Warren (my husband).

Within minutes I hear screaming outside, so I looked out from the second floor of this holiday apartment and see the water is already there and people are being swept up and killed right there.

This black man started arguing with me, as he had a suit case and we had a hand bag.

Because he had a suitcase and that means he has rights to more space.

I said to him, "we have equal rights".

That's what we were talking about when I heard the people screaming as they were been hit by the water.

This delay cost us time.

Now we only had minutes to get out of there.

Then as the water is sweeping people up.

**I got an SMS, it said Corrie Tenboom died.**

Which in the dream seemed normal although she had already passed away.

She passed away on the 15th of April 1983 which is my birth year.

### **Note:**

Corrie Tenboom helped the Jews escape the death camps in Nazi Germany and these two friends of mine are Jews that I was helping.

I woke up before the water hit us and I know that was seconds away.

I woke up with terror from the fear of people as they been killed by the water.

I was hearing them dying as they were being swept up.

There were guys in life boats in the water with whistles trying to get the people out, as the people couldn't see it.

Yet it was so easy to see this tsunami wave.

They were laughing it off.

The life-guards got swept up because they were trying to help the people.

We were on the second story of that building. I saw lots of taller buildings easily been swept up by the wave.

I saw the shape of the bay like a C-shape where I was looking from the bottom of the C.

It was very beautiful with palm trees. A luxurious place, a real holiday place.

People didn't receive the warning, they didn't get out the water.

Especially some friends of mine.

I moved on to help this black man and for me to pack my tool box.

I knew for some reason Warren is going to need his tools now. The tools were all little fine pieces, small parts, parts that join things together. Small little hinges.

## **Comments:**

I looked up more info on Corrie Ten Boom and she was the first lady watch maker in Holland. I am from Holland came to South Africa exactly ten years ago to pray for Revival in Africa.

The day before we posted a word the Lord gave me, where He said, "come spend a little time to buy a little time"

Here is the post

<https://www.facebook.com/Capetowntsunami/posts/1322077321254357>

Now the watch maker had died i.e. Corrie Tenboom... this can mean the time is now up.

She died on her birthday.

This is what I dreamt. I saw a wave coming from the sea. I watched from a distance. Huge wave. In my dream I saw 2 mountains that fell. There were disasters. I looked and cried, where is my child?

And eventually found him hiding safe by a Christian family. Now I lost my eldest son in a accident. So that's why I panicked about my child in Cape Town.

## 6. Lambert Van der Merwe

We were praying for revival in Cape Town in July 2015, saw coastal area from the coast line from Table bay and Melkbos area and I saw lots of people running away from the coast. I saw a wave I first thought it was a cloud I saw a lot of people fleeing and saw the Lion roaring. Saw that the wave was real.

## 7. Jacqui Schmidt

I have had 5 dreams about tsunami's hitting Cape Town. Two in 2005.

Then 3 at the beginning of this year 2005. In one dream in 2005 I saw angels and demons warring in a huge water spout (like a tornado of water) off Sea Point.

As I watched I realised that the angels were preventing the demons from releasing the water in a tsunami. I suddenly knew we had to get up higher as there would be a wave of water coming up the beach and so I told everyone to go up higher and pray. Suddenly the battle was over and a wave started coming up the beach but it did not go as far as the demons had intended.

The other dream in 2005 (and one in Jan 2015) also involved getting people to higher ground to pray and worship as a tsunami was coming and we saw it in the distance. When it hit it could not touch us because we were on "Higher ground".

## 8. Walter J. Daniels

7 years ago my visions started in detail. At first I was too embarrassed to share my reputation would be at risk I got bolder and started sharing....

Recently someone who was very very scared told me someone shared the same visions.

As I had as I spoke to God he told me details of His intentions regarding Cape Town and South Africa and which will also effect the rest of the world sadly not many people will survive.

### **The one disturbing dream transfer vision and I wasn't sleeping**

It starts with 3 asteroids in the sky falling into the Atlantic ocean.

It's in the morning before 8am they are seen following each other into our atmosphere.

There was a sudden silence first the birds of the wild went crazy and suddenly dead quiet like a power failure occurred.

The water filled the whole peninsula as far as I can see only parts of the mountains stuck out, where I was standing the UCT was under water looking across from the northern suburbs.

The sky's have an unusual appearance almost like an overcast but weird feeling.

But I now remember clear as I am chatting to you the whole city is absolutely quiet the birds of the air are restless but not a sound from an animal.

Two waves from either side will hit the peninsula.

Crushing into each other in line of the UCT washing it off the mountain like a spec of dirt on a window.

A hand from heaven scoops out water as in the manner one would "cup" it to drink and it was overflowing and falling out and God zoomed in and in my vision the water was people falling out of his hand.

He said to me, see Walter only this hand full of people will survive this. Those people calling themselves Christians that will perish because they are stiff necked.

I immediately said "Lord let me not be one of those who were in the palm of your hand and fall from it".

Those who survive in the water who were holding on will be eaten by hungry sharks.

I saw a time and date, but not a year.

Christians are not ready to hear this I have been told by pastors God will never destroy this city. ... But for those who believe drive towards Montague or silver mines in the southern suburbs when you see 3 asteroids in the sky.

I wish all of this was just a bad dream and will never happen.

Every time I see/dream have a vision there's a distinct presence what is to happen.

Every time I stand in Town, Milnerton, God tells me and reminds me see this tall buildings they will be completely covered with water.

When I stand on Sir Lowreys pass, God reminds me only those who come over this pass at that given time will be safe.

Snakes will be in the water and bite the people and they will die.

It's almost like those who survive water will die by shark attack or snake bites.

Please understand it has been no pleasant journey these past 7 years when my dreams and prophecy started.

But I argued with God in words and ask why and what for, and His reason.

Why me who don't even have a platform to preach and warn others.

I begged him to send others my way whom he showed the same prophecy about Cape Town.

And slowly on the 11th hour things are coming into play.

## **Why the Tsunami?**

One of God's many reasons are my people allowed alters of satan to be established.

They have contaminated the Gospel.

And tolerated sin and became accustomed to it.

I will destroy every alter because it has blocked my relationship with my people.

You feast in unclean food offered to foreign gods.

You have compromised your faith in me.

I felt like Moses getting the ten commandments.

God is very angry.

He will send a drought and the very water they ask for will destroy them.

My brethren I wish that nothing I saw and was shown was just a weird weird dream and that you call me mad, but it has tormented me for several years and I need to let go of what I kept silent for so many years.

I guess if nothing happens then I'll still be called a fool and have to live with it but what if I am right ....?

My final word,

I pray and trust the tsunami is not a physical one but a spiritual tsunami that will revive our city and ignite the rest of the country to an awareness of the living God.

I trust there are prophets out there to confirm this and that no panic may arise out of ignorance.

I pray God almighty Your will be Done on earth.

## **Safe places**

Ironic that a few of us that received different visions of prophecy from dates, place, how, where and what ....one of the brothers mentioned a safe haven where believers will gather is montagu.

If you look at the map montagu is the new coastal city. This map is confirmation

## 9. Reuben Van Heerden

Dream

I stood on a hill looking out on the sea in Cape Town. A handful of people were with me.

As I watched the biggest wave I've ever seen rose up from the sea rushing towards us and I knew that in that split second we had to RUN for our lives, I barely made it with the water coming very close to us.

Those who hesitated even for a split second were crushed.

This thing was HUGE!

## 10. Doreen Coetzee

Hi, I just woke up from a Tsunami dream. May 2017

I live in Cape Town Table View and it was horrifying.

But the strange thing about this dream is I remember that I saw a number between a 6-8 digit number and at that moment some how I knew I was dreaming and tried to remember the number .

The number was on a ship that came inland with a wave, an army green color ship somewhat like those in the movies.

In the dream I had my son in my arms running around getting as high up and away from the water .

Just now I woke up and searched Tsunami Cape Town and found you page.

## 11. Heidi Visser

The dreams started in the 1990's. I was in Namibia at that time and dreamt of the aftermath of a flood on a beach which I later recognized as Bloubergstrand.

I remembered something in the Bible of floods and found it mentioned in the prophecies of John.

I dreamt of a huge tsunami over the oil refinery in Milnerton; water streaming over Durbanville Hills; Yzerfontein and Saldanha.

### First dream

Had a dream where I was in a SUV on my way to Cape Town. I was on the passenger side and one of the men from our church were driving. We travelled on a gravel Rd, and we're approaching the foot of Cape Town mountain.

I suddenly looked up and saw this big Tsunami wave coming over the mountain. It came through the mountain and Signal Hill.

That gap where you go to Camps bay, I shouted at the driver to turn the SUV around so that we can get away from the water and back to safety, then I woke up.

### 2nd dream

I was with my husband, busy climbing a mountain. We reached the top and could look down on the small white houses beneath.

It was daytime, the Sun was shining, it was a peaceful day, the next moment we were down the mountain, in the valley, walking. The next minute I heard a sound behind us, I turned my head to look where this sound was coming from, then this Tsunami of water was just coming out of nowhere, I shouted at my husband and we started running.

We were very scared. In front of us was a tower, like the Eskom ones, then I woke up. Sorry, I have no further detail, just that I remember these two dreams as if I dreamed it this morning 

Both dreams were unexpected happenings, leaving you scared and afraid, paralyzed and shocked. I knew God was speaking and had to take it serious 

## 14. Helga Kotze

We live on the Piketberg mountain in the Western Cape, around 60 km from the West Coast. Last week I had a dream that me and my husband were standing on our "stoep" on the farm, facing the West Coast.

I told him the waves are very visible today, so they must be big. The next moment I saw the massive waves rolling closer and within about two seconds it covered everything as far as I could see and it was close to our home.

The water was really rough with massive waves and I thought to myself just one more wave and we will be in the water fighting for our lives.

The next moment the water stopped a few metres from our house and I woke from the dream.

I really experienced that it was as in the flood of Noah. The water covered everything within seconds and there was no time to get away from it. I also experienced it was about God (the Holy one)'s judgement over a sinful world, but that He will protect His children.

I didn't even know about the fact that other people also had dreams and visions about this. I just discovered it and found this group.

### **PROPHECY OF A VERY MASSIVE AND HISTORICAL TSUNAMI (OCEANIC OUTPOUR)/FLOODING COMING TO THE COASTAL BEACHES OF THE REPUBLIC OF SOUTH AFRICA:**

<http://injesuschrististand.blogspot.com/.../prophecy-of-very-...>

In the morning of 25th November 2015, as I was preparing to leave for Nairobi, Kenya from Johannesburg, South Africa (I was actually few hours away from starting my journey) after the Sacred Assemblies of The LORD in the Republic of South Africa, The LORD spoke to me in a very mighty vision (Supernatural dream) of The LORD.

In this vision of The LORD God Almighty, The LORD Jesus Christ and The Holy Spirit, I was in one of the hotels of South Africa. While in this place (the hotel) in the vision of The LORD, I saw very massive water creeping through onto my hotel room from under the door of the hotel room. The LORD then made me to be curious of this water, and He instructed me to taste the water. When I tasted the water, I found out that it was salty water. The LORD then instructed me to look at the small particles that were in the water, and when I looked at them I realized

that they were black sand particles; and The LORD made me know that they were from a beach of an Ocean. The LORD then made me know in this vision of The LORD, that a very massive Oceanic outpour (a big Tsunami) will soon hit the coastal beaches of The Republic of South Africa; and even hotels and buildings will be affected.

In other words, The LORD made me know that He has now passed judgment on the nation of The Republic of South Africa, as a result of rampant sins, evil, immorality and wickedness that has gone overboard in the nation of The Republic of South Africa. The LORD has thus now decided that the Ocean waters will not know where to stop and their point of limit when this judgment of The LORD comes to pass.

The LORD is thus calling for Repentance for the forgiveness of sins through the Blood of The LORD Jesus Christ in the nation of The Republic of South Africa, and turning away from sins, evil and wickedness like sexual immorality (including homosexuality-which is actually legal in South Africa, Prostitution etc), Witchcraft (The works of The South African Sangomas-Witchdoctors), Murder (including abortion), Idolatry, Apostasy in the Church (Including the preaching of Prosperity gospel of “sow a seed of money” to get your “blessings” by false apostles, false pastors and false prophets of South Africa), Governmental Policy that is against the nation of Israel.

It is very important to note that this communication of The LORD comes at the backdrop of very Powerful and very successful Sacred Assemblies of The LORD in various parts of The Republic of South Africa. That means that The LORD is saying that He has a remnant in South Africa, including His faithful Servants, and Sons and Daughters that He is raising and anointing with the Power of The Holy Spirit in The Republic of South Africa; for The Glory and Honour of His Mighty Name, so that they may worship Him in Truth and in Spirit (The Holy Spirit) and to also serve Him in Purity, Faithfulness and Humility. And to also stand in the gap in prayer for the land. But at the same time, The LORD is saying that He is lifting His hand of protection from South Africa due to blatant lifestyle of sin, wickedness and immorality; even as He will protect His faithful Sons and Daughters in South Africa.

Let everyone everywhere on the earth (including in the nation of South Africa), embrace Repentance for the forgiveness of their sins through The Precious Blood of The LORD Jesus Christ that was shed at the cross of Calvary for the Redemption of mankind (who believes and accepts); and thereby walk in Righteousness (Right before The LORD God Almighty, by following the ways and the Requirements of The LORD), Holiness (Set Apart for the glory and honour of

The LORD God Almighty), Truth (According to the Word of God in The Bible) and Complete Surrender to The LORD Jesus Christ in preparing the way for the coming of The LORD Jesus Christ to take to Heaven His Faithful sons and daughters.

SHALOM!!!

Acts 17: 30-31 “Truly, these times of ignorance God overlooked, but now commands all men everywhere to repent, because He has appointed a day on which He will judge the world in righteousness by the Man whom He has ordained. He has given assurance of this to all by raising Him from the dead.”

Jonah 1: 1-2 “Now the word of the LORD came to Jonah the son of Amittai, saying, “Arise, go to Nineveh, that great city, and cry out against it; for their wickedness has come up before Me.”

Jonah 3: 1-3 “Now the word of the LORD came to Jonah the second time, saying, “Arise, go to Nineveh, that great city, and preach to it the message that I tell you.” So Jonah arose and went to Nineveh, according to the word of the LORD. Now Nineveh was an exceedingly great city, a three-day journey in extent.”

2nd Chronicles 7: 13-16 “When I shut up heaven and there is no rain, or command the locusts to devour the land, or send pestilence among My people, if My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land. Now My eyes will be open and My ears attentive to prayer made in this place. For now I have chosen and sanctified this house, that My name may be there forever; and My eyes and My heart will be there perpetually.”

Job 38: 8-11 “Or who shut in the sea with doors, When it burst forth and issued from the womb; When I made the clouds its garment, And thick darkness its swaddling band; When I fixed My limit for it, And set bars and doors; When I said, ‘This far you may come, but no farther, And here your proud waves must stop!’”

Genesis 28: 13-14 “And behold, the LORD stood above it and said: “I am the LORD God of Abraham your father and the God of Isaac; the land on which you lie I will give to you and your descendants. Also your descendants shall be as the dust of the earth; you shall spread abroad to the west and the east, to the north and the south; and in you and in your seed all the families of the earth shall be blessed.”

Genesis 12: 2-3 “I will make you a great nation; I will bless you And make your name great; And you shall be a blessing. I will bless those who bless you, And I

will curse him who curses you; And in you all the families of the earth shall be blessed.”

Jeremiah 1:9-14 “Then the LORD put forth His hand and touched my mouth, and the LORD said to me: “Behold, I have put My words in your mouth. See, I have this day set you over the nations and over the kingdoms, To root out and to pull down, To destroy and to throw down, To build and to plant.” Moreover the word of the LORD came to me, saying, “Jeremiah, what do you see?” And I said, “I see a branch of an almond tree.” Then the LORD said to me, “You have seen well, for I am ready to perform My word.” And the word of the LORD came to me the second time, saying, “What do you see?” And I said, “I see a boiling pot, and it is facing away from the north.” Then the LORD said to me: “Out of the north calamity shall break forth On all the inhabitants of the land.”

PREPARE THE WAY FOR THE COMING OF THE LORD JESUS CHRIST IN ABSOLUTE REPENTANCE, RIGHTEOUSNESS, HOLINESS, TRUTH AND COMPLETE SURRENDER TO THE LORD JESUS CHRIST (YESHUA/YAHUSHUA HA MASHIACH). TIME IS ABSOLUTELY OVER; THE MESSIAH JESUS CHRIST IS IMMINENTLY COMING TO PICK HIS BRIDE!!!

REPENTANCE PRAYER:

Precious Jesus,

I acknowledge today that you are LORD and saviour of all mankind,

and today I have recognized my shortfall,

I repent and turn away from all sin.

Please cover me with your precious blood,

and establish your word in my life,

that I may be found in righteousness and holiness

and write my name in your book of life

and baptize me with the power of the Holy Spirit

in the mighty name of Jesus Christ.

AMEN.

And A Servant of The LORD:

## 16. By Alexander Jordaan

I had a similar dream in September 2015. This is the third time since 2004 that I had such a dream.

For some reason in my dream, my father in law visits my wife's sister in **Bloubergstrand**. It was not summer or spring, but rather in autumn and it was getting dark soon.

My daughters were swimming and something that was said caused me to want to leave. I went to fetch my daughters and the eldest came running towards me and shouted that the sea was pulling back at a terrific speed. I grabbed hold of my daughters and ran for my Hyundai Tucson and shouted to my wife, that she could either stay or come with us, but we have only 38 minutes to reach either Paarl mountain or Du Toitskloof pass.

As we jumped into the car, an earthquake came so great and terrible that I don't want to go into the detail. Everything just collapsed around us. We moved at speed to get away, over rubble, and fences and in the evening rush hour traffic on their way home.

I eventually drove partly in the yellow line and partly in the gutters next to the road. Eventually a metro traffic official tried to force me to stop, but he came alongside me at the Klapmuts garages and asked me where I am going to at such a haste. I told him I need to be on Paarl mountain or DU Toitskloof pass, sooner than soon. He said follow me. Then we were on the Paarl mountain and it was dark.

The next morning, I was shocked to see so few people on the mountain and it was muddy all over where the eyes could see and the huge ships in the suburbs and the total destruction.

What stood out for me is that the whole area around **Paarl mountain** was also under water. The time of the year, and the evening rush hour. It was not the normal February visit from my father in law - it was outside his normal routine. The water that pulled back and then the earthquake.

I woke up 05h00 and I telephoned my brother in Cape Town and I told him my very unsettling dream. It was in colour and it was very real to me and the more I talk about it the more people come and tell me similar stories.

I am a believer and I believe that this is real and people need to know. God would not do something without warning His prophets. This is real.

## 17. Sister in Christ

A few years ago I would have tsunami dreams regularly. At least every few months.

Usually just always the same. I would be standing in a building with family or alone and then see a giant wave coming in the distance. Generally, always the same dream. I felt scared, worried for my family, and everyone on the ground

Not really worried for myself. In the dream I was in **Tableview**, Cape Town.

## 18. Johan van Lill

I had a Tsunami dream for Cape Town. I asked God to confirm if this is a physical Tsunami and not a spiritual one. God confirmed to my eldest son by giving him the same dream, just another venue.

Again I asked for confirmation from the Lord.

He again gave my youngest son a Tsunami dream...This is coming.

3 Weeks after I had the dream I drove through Seapoint in Cape Town. God told me in my spirit to look up at the moment I passed a very high building. He told me to count 20 stories (verdiepings). This will be the height of the waves, the Lord told me !

I would like to be part of the online gathering..

God regularly tells me to warn people of the coming judgements for SA...Blessings

Comment: A 20 story building calculates to around 60 meters high.

*Tafelberg word 'n eiland*

**N**adat ek my lewenservaringe en beskouinge daaroor afgesluit het, het ek hierdie gedeelte geskrywe. Ek het lank op twee gedagtes gehink. Dit is in elk geval iets wat die mense wat daardeur geraak gaan word, nie sal wil hoor nie en nie sal wil glo nie. Ek kan nie sê dat die Here dit vir my gesê het nie; ek kan alleen maar vertel wat telkens in my opgekom het wanneer ek Tafelberg en die gebied wat vanaf sy voet begin en al langs die bergreeks deurloop, sien tot waar dit weer by die see aansluit by Vishoek by die suidoostelike kant van die bergreeks. Ek sien die hele bergreeks omring deur die see; Tafelberg en die hele bergreeks word 'n eiland. Wat ek telkens ervaar het, is vir my in elk geval so 'n werklikheid dat ek nie beweeg sal kan word om daar te bly nie.

Wanneer ek vra: "Hoe sal dit gebeur?" dan kom die antwoord: "Deur middel van 'n aardbewing." Dit gaan 'n skeur veroorsaak wat die see vanaf Kaapstad al langs die bergreeks tot by Vishoek gaan verbind. Dit sal nie geleidelik kom nie; dit sal baie vinnig plaasvind. Daar sal nie tyd wees vir mense om die ramp te ontvlug nie. Hoeveel huise onder die see gaan verdwyn, sal moeilik wees om vooraf te bepaal. Wanneer dit gaan gebeur, weet ek nie. Dit sal die grootste natuurkatastrofe wat ons land nog gaan tref.

Hierdie gewaarwording strek nou al oor baie jare. Ek verget daarvan, maar as ek in die Kaap kom, beleef ek dit keer op keer. Dalk is dit 'n profetiese insig (vgl Hand 11:28); dalk is dit 'nwoord van kennis (vgl 1 Kor 12:8; Hand 5:1-11). Dit weet ek nie. Wat ek wel weet, is dat as ek daaroor wil swyg, my gedagtes vir my self: "Wat gaan jy doen wanneer dit gebeur en jy het die mense nie gewaarsku nie?"

Nadat ek bostaande woord geskryf het, het ek nog eens getwyfel of ek dit wel in my boek moet insluit. Ek het myself afgewra: sal dit enige nuttige doel dien (vgl 1 Kor 12:7; 1 Pet 4:10) as die mense wat in dié area woon dit tog nie sal wil glo nie? Dié wat dit wel ernstig gaan opneem sal ongetwyfeld deur die ander gespot word om so iets belaglik te wil glo. Dit was seker ook so in die dae van Noag toe hy 'n "skip," die ark, gebou het op droë grond ver van die see. Hulle het seker gedink dat hy van sy verstand af moet wees, totdat die sondvloed gekom en hulle almal verdrink het (vgl Gen 6 en 7). So was dit nog altyd die lot van hulle wat die volk gewaarsku het: "Maar hulle het die boodskappers van God uitgelag en sy woorde verag en met sy profete gespot, totdat die grimmigheid van die Here teen sy volk opgekom het, totdat daar een genesing meer was nie" (2 Kron 36:16).

Dan is daar natuurlik diegene wat deur praktiese omstandighede nie uit die gebied sal kan vertrek nie. Maar elke keer wanneer ek die gedcelte uit my boek wou uithaal, voel ek gemeen teenoor die mense wat deur die ramp getref gaan word. Ek het geweet en ek het hulle nie gewaarsku nie.

Wat my finaal laat besluit het om hierdie gedeelte nie weg te laat nie, was die woorde in Amos 3:6-8: "Sal die basuin in die stad geblaas word en die bevolking nie skrik nie? Sal daar 'n onheil in die stad voorval as die Here dit nie bewerk het nie? Want die Here doen niks tensy Hy sy raadsbesluit aan sy knechte, die profete, geopenbaar het nie. Die leeu het gebrul, wie sal nie vrees nie? Die Here Here het gespreek, wie sal nie profeteer nie?" Ek het toe ernstig tot die Here geroep om tog die gebied van dié ramp te spaar, want daar is baie mense en diere wat deur die ramp oorval gaan word. Ek het vir die Here gesê: "Here, as U dalk al besluit het om dié area te verwoes, dan vra ek U ernstig om asseblief van plan te verander" (vgl Am 7:1-3) en dié gebied te spaar soos wat U met Nijnevé gedoen het" (Vgl Jona 3:4-10).

Alle gerigshandelinge van God, is natuurlik niks anders nie as heilshandelinge. Dit is nie om te vernietig nie, maar om te behou (vgl 1 Kor 11:31,32). Alle oordeelsaankondiginge van God om mense met een of ander ramp te tref, is

natuurlik altyd voorwaardelik. As die mens oor wie God onheil besluit het (vgl Jes 45:6,7; Klaagl 3:38), hulle bekeer van die boosheid waaroor God hulle wou straf, sal God berou hê oor die onheil wat Hy van plan was om hulle aan te doen (vgl Jer 18:7,8). Indien dit met die mense wat in dié area woon, sal gebeur en hulle bekeer van hul booshede, dan sal hierdie aankondiging in my boek 'n nuttige doel dien (vgl 1 Kor 12:7).

Ek maak geensins daarop aanspraak dat ek 'n profete is nie, maar ek weet dat God my geroep het om my mense te vermaan en te leer en te waarsku wanneer dit nodig is. Soms laat God my dinge vooruit sien en dan gebeur dit net soos ek dit vantevore aangekondig het, soos byvoorbeeld toe die Here op 27 April 1994 ons Afrikanervolk in "ballingskap" geplaas het (vgl Job 12:23), presies soos ek dit in 1977 vanaf die kansel in Pretoria-Oos aangekondig het. Ek reken ook nie dat ek oor die gawe van heldersiendheid beskik nie, maar soms gee die Here my 'n helder insig in dinge wat deur ander mense op dié tydstip glad nie raakgesien word nie, soos byvoorbeeld toe ek prominente leiers onder die Afrikaners tevergeefs teen die instel van 'n driekamerparlement vir Suid-Afrika gewaarsku het.

## 21. My dream of the Long Beach tsunami

From the Strand

<http://m.news24.com/news24/MyNews24/A-prophecy-for-South-Africa-20131127>

*(A prophetic dream received about 2 years ago).*

There is a place where I have stood on countless occasions

Hand over brow

Gazing northwards across the silent blue ocean

Watching for waves

One of my favourite locations

Then suddenly I found myself back there again

On the very same patch of sand

Viewing that same scene in front of me

Of the vast and untamed Atlantic

Only this time my feet were not touching the ground

But my whole body was elevated

With me

Looking down

I surveyed the calm waters and I examined the shore

Then turned back to look upon where

In the far distance,

The turquoise sky coincided with the cobalt sea

Now focusing intently, I could suddenly discern  
Standing proud, completely across the expanse of the horizon  
A huge wave approaching, in size like I had never before seen  
Its sheer magnitude sent shock through my system  
For as far out as it was in the deep blue ocean  
I could clearly make out, in detail  
Its form and its motion  
For a moment my mind froze as I observed  
In disbelief  
As this gigantic mountain of water made its way to the beach  
Relentless and terrifying, it peeled over and broke  
I knew it would not be long before the shoreline was reached  
I glanced at the wave and I glanced at my car  
Parked on a hill, it wasn't that far  
Yet a quick calculation and I started to fear  
That I wouldn't get far before the wave was right here  
For a moment again I looked down the beach  
And in a drawn out moment, pondered deeply  
The countless grains of sand on the sea-shore and realised  
In deep dismay  
That they would all be washed away  
By this fast advancing wave of unprecedented shape.

## 22. Erika Odendal

I was so surprised to see the posting on FB.

Approximately 12 years ago (2005) I woke up one morning while in Hartenbos crying as I had my first of MANY dreams about a huge wave coming onto the **Table View** beach.

I remember being in a car and trying to reverse up a hill to try and get away. The dreams that followed showed the wave so big that it covered some of the smaller buildings or flats and surrounding about 5 of the taller ones up to nearly the top floors.

Then some of the dreams showed the devastation as it went down Blaauwberg road. Another 2 or 3 was me standing in the Horizon Bay building on the beachfront on your left just before the beach with my daughter and seeing the wave approach.

I started praying and grabbed my daughter and tried to cling to a cement pillar. The wave covered us. It felt as if we were in a fish tank – we could see the water outside the window and then feel how it crashed and broke.

I did not see us drown but remember waking up praying. Then there were many dreams where I was in a building or on the beach and see the wave approach.

The fear and terror of realising that it is going to hit us is so real that I cannot sleep afterwards.

So after the first few dreams I went to see my Pastor Graham Evans of Assembly of God in Blaauwberg Road, Table View. I asked if he had other people in the congregation who had similar dreams and at that stage there were none. I said to him that I felt that I needed to bring these dreams under his attention as I felt **compelled to do something about it**.

Not long after that I had a call from a man who went to Graham and said he had similar dreams. Graham referred him to me and we met. He also felt that the Lord is trying to warn us of a coming tsunami/earthquake with big wave. We kept contact for a few months and thereafter I moved to Wellington and never heard from him again.

During this time I spoke to Pastor Brad Espin of the Apostoliese Geloof Sending on the corner of the West Coast Road in Bloubergrise about my dreams. He told me he was also getting them but did not seem to worry much about it.

So in the beginning when I had a lot of these dreams I researched everything about a possible tsunami on the Blouberg beachfront and found information on the internet about a “fault line” (stretching from I think Koeberg to Roi Els) and plates moving and a previous epicentre at the Paddocks etc.

I became worried and found a book written by Ds Willie Marais – ‘n Man deur God Gestuur.

After reading his vision about the destruction of the Cape Town area I actually managed to get his phone number and spoke to him. He was already an old man.

I told him about my dreams and he said “my girl nothing will move me to live in Cape Town – you have to get out of there” He said every time he flew over Table Mountain the Lord showed him destruction and the area covered in water.

I was in a panic while speaking to him and asked where will it be safe and he said nothing closer than the small aeroplane strip between the R44 and Durbanville – I cannot remember the name of the area. Close to Graan and Dal area in Durbanville.

At the time I had a few properties in Table View and sold all but 2. I bought a farm in Wellington and relocated 11 years ago. I sold my business and also relocated my children to this area.

Every time I go back to the Blouberg beach I cannot help but keep my eyes on the waves. I expect it to creep up on the beach any moment.

Then another thing that happened during the time I talked to Graham and the man he sent to chat to me. One of them told me that in that time a person took a Jewish Rabbi to the airport to go back to Israel. The next moment that rabbi starting talking loud and in a very anxious voice. The people on the airport wanted to know what he was saying (I think he was prophesying) as he seemed so worried.

Then the person who were with him told them that he is warning of a disaster to strike Cape Town with total devastation and was warning the people.

I asked the Lord for a date and what He wanted me to do with the information. He gave me a date and I started to fast and pray.

I made a note of it somewhere in my Bible and will have to go and look for the exact date and verse that He gave me if you are interested.

I started to fast and pray and begged the Lord that the destruction must not hit as so many were not ready. I think the date was for about 7-8 years ago. I remember it was a Saturday in winter and a week before there were warnings of very high waves expected and that people should be careful. My daughter and a Christian friend knew about me fasting and praying and at about 3 to 4pm the afternoon when to Blouberg to see how high the waves were. I did not know they were there. They were parked in the parking area next to On the Rocks restaurant. The next moment a wave went right over their car and actually moved the car back. Maybe this was just co-incidence and nothing.

I certainly don't think that the bigger than normal waves were anything like the ones I saw in the dreams but it was a bit weird that the waves were higher than normal on the date I got. I trust the Lord heard my prayers and showed mercy not to send the really big ones that day.

About 2 years ago I prayed and asked God to please stop the dreams as it upsets me so much. I still get them but now it is maybe one or 2 a year.

When I saw the FB posting I realised that more people must be getting them now and I would like to be part of a group that fast pray and ask God what we are supposed to do to avoid this disaster - which will be something like we've never seen in our lives.

The house we built on the farm can sleep more than 60 people and we sometimes joke and say that we will have a beachfront house one of these days (the water will fill everything up to the mountain on which we live in Wellington) Jokes aside, we so feel that there was a purpose why we build the house to carry so many people to live in – we expect to be called to help when the disaster hits.

## 23. **Vanessa Correia**

In my droom het tafelberg in die see in geskuif..stad geboue en paaie lyk soos aardbewing se skade na tyd.. so dit was ongelooflike groot 'damage' in die stad

self... en dan het ek water gesien wat kom tot by durbanville heuwels....die water het gekom van tableview.. waar daai hoë torings is.. en skoonpa en wilhelm was uit op see met n boot.. hys laasweek oorlede.. en ek was gestres want mamma was op vloer.. ons hoër op.. en wou haar red. sy en gabby.

Dit was op n dag wat ek gevas het en middag gaan slaap het.. ek was vir bitter lank gestres hieroor.. dit was omtrent 8-10jaar gelede.

## 24. **Carla Fortuin**

My name is Carla Fortuin. I saw your message about the Cape Town Tsunami.

On the 1st of February 2017 I had a prophetic dream.

The devil was reigning over table mountain. The world was sick and evil. I saw the devils face in a scull smoking over table mountain like mocking the people.

The one thing that stood out was that the ocean was all over too.

## 25. **Chantell Hanekom**

I had a vision as I was driving on the M5 from Tokai to Town.

As I drove I looked at the mountain and I saw huge waves coming over the mountain and when I looked back only the mountain top was visible. Everything behind the mountain was water.

It lasted a few seconds and was terrifying.

It was REAL and has never happened like that before and I could see it happening as I was driving

## 26. **Tania en Loggie Lochner**

Both me and my husband had several dreams about Tsunami's this year in Cape area.

My 1st one was a total devastation of waves over this area. I saw us hiding under a  piano.

Revealing that we will still worship our King in these happenings. The second one was more intense but we had time to reach higher grounds.

We could see how everything below us just disappeared under the massive waves. There were some people on a small hill closer to the rising tides who could not reach the higher grounds we stood on.

Gracefully God created a bridge for those, and they could cross. Prophetically some will hear this call of alarm but will be mislead for temporary rescue.

The seers, intercessors and gate watchers will demolish Satan's plans in Jesus's Name and God will send His rescue Angels to save, protect and guide those to higher, saver places.

Its a cleansing process. Don't look back. See what is not visible yet in front of you.

SEE VICTORY AND DELIVERANCE.

God is illuminating all that has been bad washing everything clean and bringing new Light. Just like in Gen1v2... It was dark and dead... And God made it all fresh and new.

On what side are you?

## **27. Dianne Fischer**

My mother had a dream about 40 years ago of cape town being under water. She is almost 90 and still talks about it.

I always remember her telling us about it and seeing a black horse. She is a spirit filled believer. My sister and I always dismissed it as a bad dream. Now I'm starting to think otherwise.

## **28. Evadne Cupido**

I had that dream as well. Years ago. And not just once or twice. A few times. And I remember clearly that I was looking at the mountain and the water was spilling over, almost like a bath that's too full.

And then suddenly a big wave came and covered it. It has been bothering me for years, but I eventually dismissed it.

## **29. Brenda Marais**

I told my daughter about a dream that I had last week, and she told me about this page.

I was not in the dream myself I just saw it happening, almost like watching a movie.

It was very real and I remember it clearly. In my dream the sky was grey and there were two very large waves coming towards Cape Town, the first wave covered the city and reached the foot of Table Mountain.

The second wave pushed the water up until only the top of the mountain was above water. When the water receded, it was like a part of the land around the mountain had broken off and sank into the sea.

I wasn't scared. I just saw it happen, like watching a movie. I was not in danger in my dream. I don't live in the Cape province, maybe that is why I didn't feel as if I was physically there.

## 30. Desiree Liebenberg

I started dreaming about tsunami's in 2007.

I've had several dreams of tsunami's hitting **Strand beach**. Four of my dreams I saw a tsunami hitting Strand beach front and washing over all the buildings. I had another dream where I saw a tsunami hitting Strand beach front and how the wave washed over the land. When I say land that would be the whole of Strand and Somerset West area. I had an aerial view of this tsunami.

I saw how the wave washed over the land, I would say the water was already 8 km in land when I woke up!

I had another dream recently of a tsunami hitting Cape Town harbour.

I saw the tsunami from the N1.

I remember running with my family across the N1 towards Tygerberg Hill which is 3 km from where we live, Bellville Northern Suburbs.

Gerrit Visser I had the exact same dream as described above about 10 years ago. So has my brother Douw Visser.

## 31. Daniel van Rooyen

Die Milnerton breek is n aktiewe breek wat strek vanaf koeberg tot deur die Cape flats tot by die see, die laaste skuddig (aardbewing) was iewers in 1952, maar volgens kenners is hy steeds active...senario: as koeberg ontploff skeur die breuk die hele skiereiland af of sodra die aardbewing plaasvind ontploff koeberg..ek dink eerder koeberg is die tydbom..dis al wat ek weet

**Ivor Novello** - Wie weet van die Milnerton kraak... Dit loop vanaf Milnerton, deur die Kaapse vlakte tot by Muizenberg se kant. As daar n GROOT aardbewing moet kom soos al voorspel is, gaan die grootste gedeelte van die kaap permanent onder water wees.

## 32. Steven Shane Oertel

I also had this dream about a month ago where I was walking down the street on my way to the waterfront I think, and suddenly saw a huge wave coming my way not like a tsunami but more like a land slide.

The weird thing is that the second night I got exactly the same dream everything was exactly the same , the one difference was that I think I was in Blouberg also walking .

the 3rd night I was driving in a car and it suddenly got very hot I stopped and climbed out to see the sun swelling in size and woke up dripping in sweat.

I know it is only dreams but this felt different, I could remember everything and I normally don't dream a lot but 3 night's in a row.....

## 33. Annelien Wahl

26 Jaar gelede het ek die droom gehad dat die hele Kaap onder water is net hier en daar het robot se punt uitgesteek, party plekke was net berg punte sigbaar so ek weet dat dit wel aan die kom is of dit nou is of oor 10 jaar, weet moet ons weet die tyd is naby

## 34. Amanda Michelle Uren

I have had two dreams of this happening in CT. It was really horrible and felt incredibly real.

## 35. Ian Steyn

29 Junie 2017 gekry het

Ek het net voor die storms in Kaapstad gedroom oor 'n tyd van storm oor Kaapstad, eers het ek getwyfel oor die droom en gedink dit is vir Sydney maar

vanoggend het daar meer drigendheid by my ontstaan en die waarskuking is vir Kaapstad.

Ek het nou met paar van my geestelike maats gepraat en voel ons moet meer erinstig intree in gebed vir Kaapstad en omliggende gebiede, ons is besig om in baie omstuimige tyd in Suid Afrika in te beweeg.

Ek plaas drie verskillende persone se droome en visione op my facebook en Kyk asb daarna en oordeel in die Gees!

Wat ek in die droom gesien het was ek het op 'n platform by die see gestaan by promenade en daar was baie mense daar.

Hul het die lewe net geniet en hul self verlustig in als.

Onstelend in die droom was die onsedelikheid wat daar heers, mense skamelik aangetrek, vergryping en lustigheid.

Met die het die water begin opstoot en groot golwe het die geboue begin tref en die Kaai en die mense daar was baie verwoesting. Ek het geestelike droogte in my gees beleef, en die droogte wat in Kaapstad geheers het voor teken van wat regtig op GROND AANGAAN.

Die ander dag het ek nuus gekyk en was ontsteld oor die Burgemeester wat al die verskillende kerkleiers bymekaar roep vir gebed vir reën en hoe daar met nie lewende gewende Kerkleiers dolosse gegooi word vir reën.

Die Fondasies van Suid Afrika word geskud en net die SUIWERSTE sal bly staan.

Kaapstad moet na hoër grond beweeg en die mense is soos in die tyd van Noag, onbewus van wat om hul aangaan.

Daar moet dringend gebed word vir die mense se veiligheid en dit wat kom is veel erger as die storms en brande wat nou net beleef is.

God is besig met herbou van ons land se fondasies. Alle vals gode in Suid Afrika moet verwyder word soos met my besoek aan die Kasteel "mercury, the god of commerce and Neptune, the sea god (with the trident)" Gode wat al vir dekades ons land se fondasie uitmaak en ons greep hou om werklik transformasie te bring in ons Land.

Die afbreek proses is nie lekker nie, maar daar moet nuwe fondasies gelê word in ons Parlement in ons besighede, Kerke en huisgesinne. Ons het reeds massa saamtrekke gesien begin van transformasie maar nou vir werklike harts transformasie.

Ek vrae nederig dat ons nou sal intree en bid vir ons Land en dat ons die tyd sal kan deurmaak.

Wees geseënd

Ian Steyn

### Church Update

---

#### A WARNING TO THE CITY OF CAPE TOWN

22 September 2015

City

Dear Friends

We serve an awesome God. Yet, this awesome God is A HOLY GOD, the God of the Bible. The time has come when we need to know the heart and the mind of God. He is a loving God, full of mercy, but God has revealed His severe anger against the City of Cape Town because of the God-insulting sins of the city.

God has confirmed to me over the past month that He is about to judge the City of Cape Town because of its sins and this judgment will take place by Him using phenomena of nature. God has revealed this to many of His people, but sadly some have given dates to it which damages this warning of God because God has not given any date when it will take place.

We as a Church at Desire of All Nations Christian Church have decided to stand in the gap on behalf of our city and to plead with God for His mercy. Part of this includes A DEEP REPENTANCE of our OWN PERSONAL SINS, the SINS OF THE CHURCH OF CAPE TOWN, and the SINS OF THE CITY OF CAPE TOWN.

We will also use as basis for our Plea for Mercy:

- The Sacrifice of Jesus on the Cross on behalf of us
- The Prophetic Purpose of the City of Cape Town to be used for world-wide Revival
- The Powerful Words God gave us at Desire of All Nations Christian Church in the

We avail ourselves to be WATCHMEN ON THE WALLS OF CAPE TOWN. Who knows? He may relent and change His Plans of judgment against this City.

The date on the note I made was done on the 13th of December 2013.

I was standing on the balcony of my house looking over Tygerberg Hills – the opposite horizon to where our house is located, and towards Table Mountain (sticking out slightly behind the hill).

Suddenly I saw this massive wave, similar to what you had on your picture, coming up behind the hills and it seemed a bit higher than the hill. It was as if the hill sort of blocked/stopped most of the wave but some water still came over.

The masses of water came down on the other side of the hill and huge trees were flattened instantly.

Then a second wave came and a third – only three and with the same result. The next moment there was a massive swell and much bigger than the previous ones. It showed much higher than the previous three and came clear over the hill. I saw houses on the other side of the hill in clear danger of the masses of water gushing down the hill.

I saw how houses were wiped flat in a moment. I saw how the water came in on the front (higher side) of the house and wash everything inside out on the other (lower side) of the house – including people, household, etc. I saw how people were washed downhill.

Something very 'strange' was the fact that, as this was happening in front of me and whilst watching it all, I had total peace knowing that I would be safe. In fact I had a sense of wanting to help the people so my mind was working out plans on what to do.

As it was such a massive wave it came very close to my house that is located on the opposite hills. I went out and took people into safety.

I then saw myself talking on my phone. I said something very interesting: that I was in the Limpopo province and wanted to know if everyone in Cape Town is fine.

### **Comments:**

(\*I do not understand this last part and also did not hear any reply from the person I spoke to)

At the time I had the vision I had in my spirit that:

- There is an absolute urgency to step into our callings/purpose to do what needs to be done
- The wave of the ‘end-times’ broke/is going to break in order to announce this last phase/time-frame
- Families are going to be impacted radically
- Houses are going to be ‘cleared out and cleaned up’
- This will be a Word of Spirit and Truth
- God’s own living waters are cleaning up
- That we have to be ready, the Holy Spirit is at work
- The Word is for all South Africa, from the South (Cape Town) to the North (Limpopo)
- That we were chosen to fulfill a very prominent and important role within this time and age
- Many people’s lives will be impacted in this time, even their hope and faith
- Many things will be in our hands to fulfill it- to help others.
- Materialistic aids, plans, things will not be able to help in this time
- People are going to be saved in radical ways
- This wave is unstoppable – the Spirit of God is on the move.
- It is here

The first time I had this dream I was helping people onto Table Mountain, the water came up against the mountain but never over it.

The second time I saw ships in between the buildings in Cape town.

The third time was the scariest because the waves separated me from my girlfriend.

I've started having dreams about this over 30 years ago.

It was basically the same dream over and over. I was 8 years old when it started. At that stage we lived in Geyton and my grandmother in Strand.

My dream was that we would drive up Sir Lowrys pass from Grabouw's side and the moment we got on top of the pass we would just see water.

Cape Town, Strand, Somerset West Gordonsbay, everything was covered with water.

Hi I have been having these dreams since a young child already... about 30 years.

I would look up from my parents home in grassy park and would see lots of sea gulls flying. Then hear the sea also smelling the sea then a huge wave coming over my dad's garage. Haven't had this dream in a long time but still remember it.

Was very real. Remember smelling the sea air. And sea gulls making a frantic noise. All flying high up

Then I'd look to our yard and I'd see the sea water coming over the garage roof

At that point I'd wake up

Few years ago I went hiking on Fishhoek mountains....and high up there are sea shells embedded in the rocks

That's what made me Remember my dreams. That told me the sea was that high up. But haven't had the dreams in years.

I had it few years before, can't recall exactly but since Oct 2016 it became more vivid and I even got scared as it was almost every night

I realized that God gave me the message and all other people were too busy in their hectic lives. So I prayed that He gives us a chance to repent.

It was many different versions and I can tell you about the one I was scared most in.

My family and I were sleeping and I heard the wind wracking roofs and trees breaking and I woke my fiancé up and told her to get ready we are leaving.

As we tried to leave the home we were in the water kept blowing everything away and we had no escape and had to wait till it settled.

Everything was destroyed and fortunately my family barely made it out.

I can't remember the month in 2015....But I know it was summer days .

I was at my parents place with my daughter who was about 1+ at the time.

My parents living about 10 min away from the shore of false bay in Mitchell's plain..

I passed my mum's front door which was facing the road directly as her house is at a dead-end of the road and on a hill...

I looked down the road and saw the water climbing the hill very quickly.

I started panicking and not long the house was hit...can't remember much after that but somehow ended up having my dad close to me and my sister who I kept asking, where is Aashiqah (my sisters daughter) who at the time of the Tsunami was playing in my mom's room with my 1 year old daughter....

My father looked at me and with dad's eyes said they gone and kept pulling me to run because the water was getting high and low so at moments we could touch the ground he just wanted us to run.

I also have few dreams starting less then 2 years ago. This morning I had 2 more dreams. I prayed to Father to give me a sign for warning when it's going to happen.

So I think he did...

Almost all my dreams I was in a big building or hotel. I saw the wave coming and I was at the bottom and felt I'm not going to make it in time to get on top and feel now it's going to sweep me away and someone just pulled me up in time.

The other dream I was on top again and it hit us but again I was ok

Last I asked Father if He can give me some signs when it's going to happen if He is willing to...

I saw a clock showing 14:00 actually almost...2 pm.

I had to be somewhere and time was 1 hour I'm going to get to be ready. What I do with in that hour is my decision.

I also dreamt I had to be somewhere for an appointment and told someone can't leave later than 13:30.

Otherwise we are not going to make it on time to get out of here to miss the tsunami.

I also saw boats lots of them and someone showed me look under the boat there is where fish were under it... the kind of fish you don't get here, only in the deep sea...

I also saw the sky from far back that it was in a straight line not sure if it was the clouds or the wave.

Then I woke up about 5 am put out the dogs and went back to sleep and in the dream I told someone what I was just dreaming in my dream. I also told this person it felt like father is only to give me an hour time what I decide to do is up to me.... and that we must go to Grabouw side.

I said I wonder what side the wave is coming from and this person said from both sides. The water was very clear and was very wavy and made a big bubble in front like it was swollen but was a deep dark blue and water was pushing up on the sand...

I believe Father gave me this dream to share because he said in one dream I'm just a messenger and a messenger is to hand it over....

I saw cars trying to get away from the city, thousands of them, bumper to bumper.

Then I looked out of our kitchen window, facing Table Mountain. I saw a terrible storm coming from the city, into our direction, like a grey bundle of clouds and dust.

The feeling that filled me, was immense fear.

I knew we all are going to die, if we don't receive help from God.

## 45. Karmien Joubert

I thought ill just share the one dream and one word I felt the Lord say to me regarding flooding/tsunami.

Beginning of this year I had a dream where I know I was at a coastal place close to the sea.

I saw my dad going with friends fishing and I went inside to the house we were staying in. It was like a high building with a balcony outside. As I stepped outside I saw a lot of water drawing back into the ocean and it was like the whole world turned silent (silence before the storm) and then I heard a lot of dolphins calling.

I knew this was Gods judgment coming on the earth but I didn't feel so scared because I knew this was going to be "tough" for now, but I knew it wouldn't last for me because I am a believer in Jesus and I knew that for this moment it will be bad, but it won't last because I will go with Him.

I told my mom in the house there's a big wave coming but she just said, "don't worry it won't hit us."

She was very calm about it but I remember I was worried about my dad out there fishing.

The other thing I felt was in last week one morning I was busy waking up, I sat up in bed and I felt God say to me "Come let me tell you something. I will send a flood like the flood that hit that little town" - I knew it was the flood in Laingsburg and I knew about this flood that hit Laingsburg but I couldn't remember the towns name and I googled it and it was Laingsburg.

Over a time span of 2 days it rained so much that a great flood came down on this town and flooded the whole town and washed people as far as 21km away. I felt that where people ran away from the Laingsburg flood, people will run to this "flood" coming and I believed that pointed to an outpouring of the holy spirit/revival in SA....

What was interesting for me is I felt God say this to me in the morning and that evening or the next evening (can't remember exactly) I came across your facebook page while I was scrolling on my wall, so I didn't know anything about this warning going on...

I just wanted to share this if it might help colour in the picture? I've never thought about it as a physical flood or wave but I believe there will come a spiritual flood/revival to South Africa!

Hi I'm currently living in Europe now but one or two months ago I dreamt I was back home in Cape Town on the Deck waiting on my sister and there was strong winds approaching city centre and someone said an earthquake is coming at 4pm.

I started panicking and praying because my sister was on her way to Town and she arrived just in time and a pool/flood of water came over table mountain.

I told my sister to run before the bridge collapse and we were running while the bridge was busy collapsing. We jumped in time in the city council building and I told her we need to climb till the top of the building once we reached the top I said no it's not safe here lets jump out on the building next to it which was lower and the waters won't reach us.

A whirlwind started to grab small kids and they turn into don't what and the police had to shoot the kids before they get attack by the wind... and the water slowly disappeared and then more water came but not so much and we jump in a taxi home... that's my dream

I was scared when I woke up and prayed to cut the dream off because all my family is in SA and I pray for health and safety for my family everyday

I also felt that I need to contact my mother and make sure she's safe at home in the dream.

This is going to be fairly long, I believe. Please forgive me for the English, because I'm Afrikaans speaking.

In around 2008, I dreamt that I was standing on the wall of the Castle, looking towards the Waterfront.

There were many people behind me, but I couldn't see them, though I was addressing them.

We were standing on a neatly kept lawn and though I couldn't see the gates of the Castle from my vantage point, I knew that there were no guards on duty.

It was as if there were no security staff, no one to warn if something should go wrong or even resisting. In my heart Father God spoke to me and said that the water will flow up to against the walls of the Castle.

In my heart I thought that this was going to take a long time before it will happen. The next moment a huge swell appeared on the horizon, suddenly the Waterfront, Harbour and everything disappeared to leave a long and curved stretch of white sandy beach.

The very next moment I looked down and saw the water washing away the sand so that I could see the foundation of the Castle wall.

Then I woke up... Now, at that stage I was working for a Cape Town based firm and one day I had to go there to pick up stock.

As I neared the Good Hope Centre on my way to Somerset Road, I knew that I knew that I had to look towards my right. What I never knew, but then saw, was the neatly kept lawn on the Castle's wall.

The very wall I was standing on in my dream. Having said this, I don't know if this is going to be a spiritual or physical tsunami, or maybe both.

What I do know is that the world is being prepared for many things to come and that the body of Christ isn't ready to face God's righteous judgment, because judgment begins in the house of the LORD.

Many true born again believers have left Him long time ago and they think that they are in God's will, but they have gone after the world and of course into idolatry.

Cape Town itself is another story and every time I go there, I sense a lot of sadness in my spirit.

It was the same in 2001, but that I will only share if Father God allows me to.

Thank you, the reader, for reading this, and please make sure that you're truly born again in Christ Jesus and obeying Him and being faithful to Him.

It's only the Bride of Christ Jesus that will escape His perfect judgment.

## 48. Grace Visser

I had a dream last night 6 September 2017 about waters flooding the streets of Bellville in Cape Town. My family members were trying to flee with their cars half under water.

For some reason I preferred them to leave me alone at home as it felt safe. However in previous dreams the water welled up against my window and covered the house in full.

In Sept last year I heard the Lord's voice as He told me to gather my flock. I thought the rapture was at hand. I have 8 cats. Just don't know what to do with my parrot. I only have a little sedan car. I have to put all my cats in there, my mom with her cat and my sis with her 3 dogs.

I can only pray that the Lord warns His children in advance should a tsunami be imminent so that we can flee the city.

From what I saw in other posts about their dreams we just need to get over Sir Lowry's pass or Paarlberg mountain. I can flee to Montagu where my son lives.

Please if people have more dreams they should post it. I also urge people to unite in prayer that God warns us in time to get to safety before the tsunami hits Cape Town.

We should also pray for revival as God says we can reason with Him.

Thank you for listening.

In 2012 God gave me co-ordinates and it was in the middle of the sea between USA and Africa.

Last month God gave me another dream, a huge guy was an mc for an event. I was asked to make him coffee in his trailer where he would get ready.

I made and took him coffee in the trailer just to realize that I had made him tea instead, I apologized and said I would go make coffee for him, he then said it is fine, and that I can have the tea.

Then we heard chaos outside and he said to me that he needs to find his daughter and I said yes, I need to find my daughter too. We went out of the trailer and people were running away to safety from a tsunami...many people...

I was then taken to a high mountain and told to look down to my right. I saw many women with children and a few men. I asked the person who took me to the mountain, who are these people sitting safely on the right.

The person said to me, "***these are the ones that made it to safety.***"

The person then told me to look to the left, I saw many people still trying to get to safety, water everywhere and people drowning too.

I asked who these people were and the person told me, "they are the ones that don't make it."

I then asked where is the big man that was mc of the event and the person told me that "***as big as what that man was he didn't make it***".

I then asked where the man's daughter is and I was shown that his daughter was safe with the people on the right and sitting peacefully on a lady's lap. The person also showed me that my daughter was also safe.

But that my husband didn't make it.

I'm so glad someone started this page. I truly believe that we are in the last days and God is busy 'building' the body of Christ - the bride.

I had two Tsunami dreams in 2016:

In the first dream I didn't know that there was a Tsunami, I just knew a flood was coming. The dream starts with me in a big, high block of flats. There was a huge body of water but a brick wall was holding it back but I knew the wall wasn't going to be strong enough to hold it back for long so I started packing clothes for my 2 children.

I couldn't focus and packed the most ridiculous things and started to panic. There were lots of people in this building but no one was bothered by the body of water being held back by the wall.

I was the only one in the block of flats packing/preparing to leave.

### **Second dream:**

I dreamt that half of Cape Town fell into the sea. My family and I joined many others at the edge of the land to look at this phenomena and my little boy walked straight into the sea. The moment his foot went off the edge I knew he was gone.

I also just want to mention that I had two dreams of Cape Town burning down. One where people were escaping to the mountains to flee from the fire shooting down from the sky and another where I was standing on a hill/mountain watching Cape Town burn down.

## 51. Cecilyah van Zyl

During Januarie 1999

I was in Saldanha

Dream play off in vicinity between WalvisBay and Swakopmund, Namibia. Group of our Messianic Believers went for a walk on the beach, most of us were moving on the rocks during low-water tide.

I looked up and saw an enormous big tidal wave, there was no time for running, we were caught unexpectedly. I shouted to John, our leader, we have to hide underneath a rock.

The water was rushing over us. When the sea was back to normal, we were flabbergasted....

The Rock protected us! Looking around there was nobody left. I know this is the truth, but also prophetic – Yahshua, the Rock is our protection!

During 2000

Our house is situated on a mountain, overlooking Saldanha, the bay. On a clear day I can see a part of Table Mountain. Looking all around me, I can behold Yahweh's beautiful creation.

Sleeping in my bed in Saldanha, dreaming I woke up, looking through my bay-window in my bedroom and all I could see was water. The level of the sea was so high, it reached the road in front of my house and seawater was streaming over the road, towards my house.

13 July 2014

Early morning. Dreamt I was awake by strange noises and voices. Looking through my window, I saw a group of people standing next to my house, the only solid ground. Looking down, the town was gone. Looking for my friend's house, there was nothing, only black mud and rubble. I saw a bulldozer pushing ground to the mountain to form a wall.

I woke up and knew the dream was from Yahweh, the Most High and I wrote the following in my book. This is the reality the truth, this will happen. Yahweh protect our beloved ones, all your children in Yahshua's Name. We must blow the shofars, beg for forgiveness and intercede for Saldanha and surroundings.

These 3 dreams are so clear in my mind, I can even remember the colours, sound and my own emotional experience.

## 52. Ronelle van Greunin

Here are some of the dreams I have had. The other dreams were all along the Southern coast of SA.

I don't know if you're aware of the celestial sign of Revelation 12, that will soon take place in the sky, but I think these tsunami's & earthquakes will be a result of that and that it is part of the judgments that will be poured out on the earth.

I believe the Bride of Christ will be safe & have nothing to fear. In Amos & Isaiah, God says that He always reveals to mankind before He does something. With so many people having the same dream, only true repentance can save SA!!

### Cape Town tsunami 2015

My husband & I was driving to CT. As we came to the Panorama exit, we saw a huge tsunami wave in the direction of Robben island /Melkbos strand. It was approximately a kilometer high and appeared to be "frozen" in time. We knew we were doomed, nowhere & no time to flee. We were caught in this due to our disobedience.

### 8 July 01H -02H

I was standing outside with my 2 daughters & a girlfriend, looking at the mountains. The sun had just started to rise. The profile of the mountain created the most beautiful face of a woman.

We were speechless, admiring the beauty of this "woman". Suddenly she stood up & stretched out her arms.

The Holy Spirit told me that it is the **Bride who is arising**.

Next we saw a hand rising out of the water. Again the Holy Spirit said, **that is the anti-christ arising**.

Next we saw a city with skyscrapers.

A huge tsunami was rushing towards it. We saw people trying to flee, cars speeding, but as the wave hit, the buildings all fell, everything in vain. Although we saw everything from above, we were all safe.

## 53. Janeke Visser

Tsunami Dream sometime in June 2017:

I was in a middle of an argument with someone known to me regarding our different believes. After the argument, I continued with my plan to go and surf. As I was approaching the beach (the beached looked very secluded and a lot like Strand, however I could see Table Mountain in the background) I remember seeing my mother and brother which I thought was odd. As I sat on the beach I observed the waves and thought they were unusually big and doubting myself if I would be able to surf a wave that size, because I am only a beginner. As I watched the other brave surfers daring the waters I continued to the waters with my board still very hesitant.

Knee deep in the water I paused and starred at the other surfers and the size of the wave. I kept focusing on the waves, when out of nowhere there were trumpets sounds coming from the sky. As I was focusing on the sound in the sky, I immediately thought to myself could this be the end could this be the last trumpet and I am too late to repent. I noticed the birds flying away (fleeing from the ocean) as if they knew something was about to happen.

Still focusing on the trumpet sounds and the birds, numbers appeared in the sky. It looked like a cell phone number or coordinates. The numbers were like a stop watch in reverse “counting down”. I saw many people also looking up trying to figure out where the trumpet sounds came from, many just ignored the sound and continued with their lives as normal.

At that point, it was if I knew something was coming our way. I immediately ran out of the water urging and pleading with everyone on the beach walking past to repent and to find shelter or something to hold on to as a devastating storm was approaching. “There can’t be a storm with weather like today, the sun is shining and it is a hot day”, a man said to me. I ran towards my mother urging her to trust me.

I remembered asking where my brother was, but there was no time to look for him. As I focused on the numbers in the sky counting down. I tied my mother to a wooden pole (those ones you often see on the beaches) with my surfboard’s leash. Many people followed and found things to hold on to, many others continued with their lives mocking the rest of the people who was busy frantically tying themselves to things that would be able to hold them from being swept away.

I fell flat on my face and started repenting and pleading with God for my life and to forgive me of my sins. In my heart, I felt it was too late. I looked up at the number counting down and I saw it was coming closer to "0". The sky turned dark within in seconds, the people who ignored the signs, was quarrelling amongst each other regarding the weather conditions.

Suddenly there was panic and the unprepared people tried to flee. It was too late. The wave came crashing into the beach. It was the effect of taking a hose and filling a small bucket creating a current. The people that was not tied down was swept away. The wave past and the water cleared.

The survivors that remained found shelter in the Northern Suburbs, somewhere between Bellville and Tygerberg Koppie (Nature Reserve). There was a shelter there. People were coming from all over to find help and fleeing from Town, Blouberg side. I looked across the scenery and I saw many injured people, I saw people mourning the death of their loved ones. It was a horrible scene of sadness and despair.

I heard the guy that was in charge of the radio, signaling other camps across the Western Cape. He called out to us that we have just lost contact with the Southern Suburb, and he started calling out majority of the areas in Cape Town that we were busy losing one after the other due to the flood.

I decided to see for myself if this was really happening. I climbed in my car, traveling via Tygervalley Turn off on the N1 going toward town, as I reach past the Karl Bremer Hospital (which was no longer there, just a location land mark). The road was covered in sand, cars battled to keep on the road due to grip. I stopped just after I passed Karl Bremer and watched in horror as the whole Town was being swept away as far as Blouberg Strand.

The waves kept coming the one bigger than the next one. Everything was covered in waves, there was no building in sight anymore. As I was standing on the N1 I could feel the mist from the ocean touch my face as it kept coming.

I saw groups of people walking north on the N1 away from town. They looked like homeless people "appearance wise". I heard a man say to someone he was traveling with "I used to be rich before all of this you know" he elaborated about how wealthy his was. Another man replied and said, "you are poor like the rest of us now".

I returned to the shelter and confirmed that everything was taken away by the waves. I starred across the room and saw many people repenting, many people coming to Christ giving their hearts to him. People praying for one another. I also

saw the scientist trying to formulate plans and find scientific explanations to what have happened to Cape Town.

A conflict broke out amongst the people, some said that due to sin God has allowed this to happen and that we need to repent and turn away from our wickedness. Others argued that no God was responsible for such a disaster, that these natural disasters happens and there is scientific reason behind it.

As the conflict between the two groups intensified. The radio guy raised his voice in the manner that silenced the whole shelter.

His last words before I woke was “We have just lost all connections with the outside world, help won’t come, we are on our own”.

In my dream, I was aware that I was dreaming and that this was God showing me this. The focus of my dream was on repentance and sin.

## 54. Sister in Christ – Bantry Bay vision

Here is the dream I had..

I had the dream a few months before we left Cape Town.

I was standing on a sort of manicured lawn on high ground overlooking the ocean. I had a sense that the place I was standing was a wealthy high ground. Some area like Bantry Bay I would imagine.

As I looked out, I became aware of movement in the sky. It was just ahead and above me in the distance out over the ocean. The movement became a swirling/circling of spectacular colours and grew bigger and more ominous to a point where it was almost filling the entire sky just above me. It was a spectacle to behold.

Out of this spectacle, emerged an entity with many arms. It became one and the same spectacle. It was very evil. The next moment there was a huge wave that came up out of nowhere from the ocean. It was so big that words would fail me if I had to describe it.

It grew so large that it obscured the entire view in front of me. I had a sense of its darkness and immense power. It finally reached the top of the sky or heavens above me and was curling over at the top, about to break.

My dream kept it frozen in time there.

In my dream I realized that it was imminent. That it was about to break. It was so huge that it would destroy a few cities in its wake. At this point I woke up.

I searched for the image of the entity afterwards on the web and found it to be shiva. I learnt then for the first time that this entity is also called the god of war or the destroyer.

In light of this and the responses I have been reading on your page, it would seem that a lot a people view these warnings as God's judgment.

It may be so, but this dream gives me a slightly different angle. It could be that a great spiritual war is raging over Cape Town with the enemy, the destroyer ready to plunge it into chaos.

The enormity of the sin in the country and city is so big that it feeds this entity. God could be giving his people these warnings to repent and pray and spread the warning. The gigantic wave was frozen in time for an instant. The imminence of it very present. **The time is now.**

There is no more time left to do anything but pray and call up to Our Almighty Father for help. Those that don't know Him should look for Him with all they have and repent.

Those that know Him should worship and pray with all they have. Worshiping is our defense. Our defense against the enemy and for this to be averted? I don't know

All I know is that the Lord has such a beautiful heart. He desires everyone to be set free and have life. He yearns for everyone to come to Him and drink from the Waters of Life.

He is not who people think he is according to religion. He is much larger and more beautiful that we can ever imagine. His desire is to protect and save..and it looks like He is giving us warnings of imminent danger, because He loves us so.

## 55. Suzelle Steenkamp

My name is Suzelle Steenkamp, and I am from Upington.

I have dreamt about a Tsunami twice now. Both dreams were in 2017. It is very realistic. However, I don't recognize the town or the block of flats, shops or the people.

1st dream, I was packing boxes with my mother in a room I don't recognize. I turned around and I saw a very huge black wave coming towards us. I rushed to the window and I realized that we were in an apartment building, on a high floor, somewhere near a beach. As the water came down it went underneath the flat. My thought at that stage was that we were save in the building.

2nd dream, I was packing suitcases with my mother and other people in a room I don't recognize. I told them to hurry and I went to get the car. As I came down the stairs into the street I realized that I was coming out of an apartment building. I saw water running down the street. I don't know the town that I am in. It is unfamiliar to me. People were walking in the water, which was already ankle height. They did not seem to notice it at all. They were going along their way with shopping bags and talking on cell phones. I saw a shadow over us. I looked up and saw a huge black wave but it was as if it has paused. And I realized that it is going to fall.. but I did not know how long we had.

Nog nooit het 'n droom my so geruk soos die een wat aangeheg is nie. Lees asseblief.

Na hierdie droom het ek al maklik 5 of 6 keer weer van 'n Tsunami gedroom.

In een van my drome is dit vir my uitgewys dat die 2de golf groter gaan wees as die 1ste een.

In 'n ander droom het ek my Pa gewaarsku dat daar 'n Tsunami op pad is. Hy wou nie luister nie. Hy woon naby Panorama hospitaal. Die water het toe deur Panorama hospitaal se grondvloer gespoel. Toe ek daai volgendeoggend vir my Pa die droom vertel, toe sy hy vir my hy het presies dieselfde droom daai aand gehad en in die droom het ek hom gewaarsku en hy wou nie luister nie...

In nog 'n droom het ek 'n kaart gesien wat wys dat die water vanaf die Atlantiese oseaan se kant gaan kom en dat die hele Weskus vernietig gaan word.

Ek het later so baie van 'n Tsunami gedroom dat dit nie meer vir my vreemd was nie.

**Die 24ste Junie 2010, ongeveer net na 6:00 dieoggend, het ek 'n droom gehad.**

In my droom was ek saam met 'n groep mense in 'n klein saal. Myfoon het gelui, en dit was my ma wat gebel het om vir my te sê dat daar 2 reënboë op die see verskyn het, en dat dit 'n teken is van die eind tye. Toe ek die radio aansit was dit ook groot nuus gewees.

Die volgende oomblik was ek op 'n hoë punt sodat ek die hele Kaapstad kon sien. Daar was 'n tsunami en die hele stad was onder water. Daar was ongelooflik baie wit skuim. Die water het tot teen die voet van Tygerbergkoppie gespoel.

Daarna het ek gehardloop om by Tygerbergkoppie uit te kom. Op 'n stadium het ek oor 'n metaal brug gehardloop, wat gatjies in het, ek kon dus deursien na onder. Die water het onderdeur hierdie brug gespoel en die wit skuim het amper begin deur die brug beweeg. Die water was baie vinnig en sterk!

Dit het skielik donker geword en toe ek opkyk was daar 'n ongelooflike donker, swart wolk net links van Tygerbergkoppie. Ek het nog nooit so iets gesien nie. Ek wens woorde kon dit beskryf. Die wolk was reusagtig en die donkerte van die wolk het oor die hele stad beweeg.

Toe ek weer sien was ek in 'n motor gewees. Orals in die lug het daar begin tornado's vorm. Dit het 'n paar keer gebeur dat daar 'n tornado reg oor ons motor beweeg het, maar die Gees binne my het vreeslik gebid in 'n taal wat ek glad nie verstaan het nie. En elke keer as daar 'n tornado oor ons beweeg, het die motors om ons omgekom, maar nikks het met die motor, waarin ek was, gebeur nie. Op 'n keer toe daar weer 'n tornado oor ons beweeg, het ons voorste venster net 'n kraak ingekry. Iemand in die motor het gesê dat dit lyk soos in die vorm van 'n flitslig, maar ek het later besef dat dit in die vorm van 'n trompet was en daarom het dit soos 'n flitslig gelyk.

Hierna was ek weer besig om te hardloop. Om my was dit absolute chaos, die mense was vreesbevange en niemand het geweet wat om te doen nie. Ek het verby 'n ou oom met 'n kierie gehardloop en ek het besef dat hy dit nie gaan maak nie.

Eindelik het ek by 'n gebou ingestorm, wat teen Tygerbergkoppie was. Ek het 'n paar bekende gesigte gesien. Almal het gehuil. Daar was paniek en vrees soos ek nog nooit gesien het nie. Jy kon nie bel nie, jy kon nêrens heen ry nie, jy kon nikks doen nie. 'n Absolute gevoel van hulpeloosheid het oor my gekom.

Ek het wakker geskrik en daar was 'n knop op my maag, ek het vreeslik gebewe en ek was naar. Dadelik het ek vir my man die droom vertel. Ek was kombuis toe om vir my tee te maak om te bedaar, maar toe ek in die kombuis kom, het daar skielik iets in my losgekom en ek het gehuil soos nog nooit. Ek het gehuil vir al die mense se lewens wat verlore is, vir al die pyn, hartseer en lyding wat daar gaan wees.

Ek het later besef dat dit nie ek was wat gehuil het nie, maar dat dit die Gees binne my is wat huil, **omdat die mense nie wil luister nie.**

Die Here het later aan my openbaar dat voor hy ons kom haal gaan daar 'n hele paar groot dinge gebeur, soos die dinge in my droom. Die rede daarvoor is om so

veel as moontlik mense wakker te ruk en tot bekering te bring, want die mense luister nie as Hy praat nie.

Dit gaan God se manier wees om die kaf van die koring te skei, voordat Hy kom.

Wanneer hierdie dinge gebeur, moet Jesus se workers gereed wees om uit te gaan en die oes bymekaar te maak.

Hierdie boodskap stuur ek glad nie uit om vrees of paniek te saai nie, want vrees is nie van God af nie, maar vir jou om jouself af te vra of jy gereed is.

Indien jy nie is nie, moet asseblief nie langer wag nie, want dit mag dalk net te laat wees.

**Matteus 11:15**

**Wie ore het, moet luister.**

## **57. Laverne Nicholas**

Good day I am Laverne Nicholas in my twenties I experienced these dreams of a huge wave

I live in strandfontein cape town and if you stand on the beach at the pavilion you see a huge mountain.

On the side of false bay Simons town area well I saw the wave coming over the mountain and I dreamt it many times I told all my family about it

I also dreamt stars falling from the sky

## **58. Wilna van Wyk**

I recently relocated to Cape Town from Gauteng, and live in Bloubergstsands. I had a very vivid dream about 2 weeks ago, and thought nothing of it until I saw your group on Facebook and realized that I wasn't the only one.

"My three year old daughter and myself were inside a double story house in Bloubergstsands, and the ocean crashed against the house with such force that the house was shaking and dropped us to the floor.

I remember seeing lots of dolphins and penguins in the water from the 2nd story window. It was mid-day but there was an eerie light all around, but the ocean

water was bright turquoise. The dream continues further with me fighting for mine and my child's survival etc. etc."

I have not had dreams about tsunamis, but the tsunami of violence touches onto a vision I had.

I saw in more than one vision how Muslims stormed into a church, shooting and throwing grenades. In one vision the church door was open and I saw a bakkie full of masked and armed Muslims stopping outside and getting off and coming towards us. I stood up and closed the door and we were safe. I believe we can close the door for this wave of violence somehow.

In another dream, I was in a building – something like a country club with large windows and a green sports field outside.

A voice (whom I recognized as God) told everybody to get out of the building, because it is war and an attack was on its way. As I moved to the door, I asked what war it was. The answer came "Kuwait". (Kuwait means place of water). Then the voice told us to keep away from high ground, because that is where the tanks go. Stay in the marshes.

Maybe these dreams/visions shed some light on the tsunami visions. In many of the visions the "see-er" is in a building, and recognize a haste to get out.

Regarding the vision of the pot of rice and that of the structures. The structures prevent us from coming together. Each one is jealous over its members. Each one sits with his own "ingredients". We have to get out of the structures to get together.

**21 December 2015**

The wave approaching looked like a mountain range. People did not recognize it for what it was. God revealed to me that it was a tsunami and said - warn the others and run. Those following were only jogging and did not understand the urgency.

I said again "Run!" those with me found shelter in a tree on higher ground. Safety.

Interpretation. Those who listen to the prophets will be able to safeguard their lives and possessions. Safety will be found on higher ground if you listen in time

Scripture: Amos 3:8 Surely the Lord does nothing unless He reveals His secret to His servants the prophets

#### **04 February 2016**

I awoke to see huge waves crashing into Fish Hoek valley, flattening houses and walls. I prayed for the people, and knew that those who called out in faith would experience a miracle on the scale of the Red sea parting, that God would allow the water to dam up around houses.

Scripture: Isa. 43:2 When you pass through the waters I will be with you, and through the rivers they shall not overflow you.

#### **06 February 2016**

I dreamt of a very big tsunami wave approaching False Bay, slowly and silently flooding the valley.

Scripture: Isa. 59:19 When the enemy comes in like a flood, the Spirit of the Lord will lift up a standard against him

## **61. Brother in Christ – Kleinmond**

Ek het Saterdag die 26ste Aug 2017 gedroom n tsunami tref Kleinmond.

Ek en my gesin het teen die berg agter geklim en van bo af gekyk. Daar was ook n warm bergwind. Die tsunami het teruggetrek, en ek het klomp gemors sien le tussen huise. Dit het soos seebamboes gelyk tussen die huise. Toe ek die berg afklim en nader kyk, het ek gesien dis nie seebamboes nie, maar knopkieries wat so rondlê.

My dogtertjie van 13 het ook al die laaste maand 4 verskillende drome van tsunamis oor Kleinmond gehad.

Maandag die 28ste Aug het die grootste onluste wat Kleinmond nog gesien het uitgebreek. Mens kan nie glo hoe hard klink geweer skote in die dorp wat vir jare so rustig was nie.

Dit is my droom.

Ek vra om asb. om anoniem te bly, maar voel ek moet dit met julle deel.

Seën vir julle, en ek vra asb. dat almal baie naby aan die Vader beweeg in die volgende tye.

Ek was nooit regtig n baie geestelike mens nie, maar hierdie keer is dit nie net drome nie.

My dream also included Strand beach. My husband and I drove into Strand and I commented on how massive and unnaturally big the waves were.

Next moment we were submerged in water, but by some miracle reached the surface just as our sons body board came floating by. We were saved by a God giving lifeline. My husband even stared to enjoy the surf.

(as a family we are facing some difficulties, but saw my dream as God will provide no matter what) Never knew others are having the same dream.

## 63. Marinda Grobler

I have had the exact detailed dream twice...

I am on table mountain in a hotel, talking to people, next minute I am the only one in the hotel... A tidal wave hits cape town and the whole peninsula as far inland as the eye can see washes away..... Scared for the 3rd dream 

## 64. Auden L Hector

I've had a recurring dream of a tsunami hitting the Cape.

It's funny though that in my dream everyone sees the evident signs but still rests on the 'fact' that CT is not prone to Tsunamis. In these dreams I'm always at the beach or at times half way up Table Mountain.

The tsunami is more of a fictional sight though as it looks like this massive surf-like wave and not the water-level rising tsunami how it really looks like. People on the beach are always in awe of how the water disappears from the shoreline but when they realize what's about to happen it is too late and right at that moment as the massive wave rushes to the shoreline, I wake up.

## 65. Zac Koekemoer

I am currently in bantry bay. Had a dream last night of heavy winds and 5 big waves size of a 9story building come crashing down one after another flooding most parts beaches inwards. Its to big to describe.

Well i just stood there and watched how everything happened while i was standing i could see the big flood going up in land but not sure how far. Nothing happened to me while it was happening. I could hear people screaming help to God though i could not do anything tears rolled down my eyes but i had no fear in me.

Good day to you

I have received your info from someone and I notice that you are on FB as well.

I would like to share with you, quite a number of years ago I attended a conference in the ICC Durban where Past Frans Du Plessis Snr from Lighthouse Ministries housed the Fire Conference with a number of main speakers, one of which was Kelly Varner.

That specific day we were asked to start interceding for SA as a whole with all the issues etc that was relevant then and those situations and trials coming. We were told that if anyone did get a prophetic word, vision etc, that we need to pen it down and sent it to Pastor Frans's secretary at the office.

On enquiring at the time, the Secretary informed me that 15 people on that specific day had exactly the same vision.

Many people were on their faces on the floor, I was one of them. As I was praying I had this vision.

I saw the SA Coast Line .. All I could see was devastation .. I saw huge 30m waves hitting the coastline, and every time it hit the shore, more and more damage was done, and every time the water would retract it came back with a bigger force hitting the shore line.

Every time more and more debris was left behind when the waves would retract and push back again. I was astounded at the damage and devastation that was done and all I could see as far as my eyesight would allow me I saw debris and more devastation and destruction. I was horrified. After so many years that have gone by, more and more people confirming that this will happen.

There is a tectonic plate running from Port Shepstone on the South Coast of KZN up into the rift valley and Kenya in Africa. The forecast about this is not good. When the tectonic plate/s move we can expect damage and that the water level could rise up to 900 meters above the current sea level. This could devastate such a large area .. imagine 30 meter high waves .. . I am quite perturbed as the water could push +- 20 - 30km inland .. Where we are currently living is +- 18km away from Durban City and +- 600 meters above sea level.

Trust this will be of assistance to the info you already have.

Regards

Ria Drost

Some of the dreams are really a long time ago, I was about 13 or 14. We always went to Durban/South Coast for holidays. I never knew there was something like tsunamis, thus, I never knew what my dreams were.

The first one, I saw a very large wave coming towards us and I ran to a big pole and grabbed hold, feeling the water around me and then I woke from my dream. Since then I had a fright of the ocean.

The next dream was quite similar. This time I also saw a very large wave and ran up a staircase, as I ran upwards, I kept looking back and saw the water level rising and rising.

The next dream I held onto a palm tree, but also woke from my dream. About six months ago I did not see a wave, but the water just came with an incredible speed, while I ran on a paved path, as I ran, I kept looking back and saw the water just coming and coming.

The other dream I was on top of a large building's roof, as the water pushed the buildings, they actually fell over and me and my dad jumped from roof to roof, seeing the one building collapsing right in front of our eyes.....

Usually we brush dreams aside... but this morning when I woke up in a sweat and tired from my dreams... i just couldn't brush this one aside... what if it does mean something... the dream started where we (me my son a friend of my parents and youngest brother) were watching water spilling through the streets and big waves raging against houses. At first it was only as if there was a big storm and the waves were huge... not a normal tsunami where the ocean retracts and 1 big wave comes... we all ran to the streets running uphill to the mountains.

My friend was trying to help everyone as best he could while we tried to run as we all knew the real tsunami was coming... bikes and cars crashed into each other as they tried to drive away from this storm... water everywhere...

## 69. Amanda Uren

Hi all. Apologies as I keep forgetting to send my dreams.

I grew up In CT City Bowl and Sea Point areas. I have had three dreams actually about the sea and a tsunami. The most vivid dream is from a few months ago, possibly 3 months ago.

My ex husband dropped my little boy and I off at a new shopping mall on a corner in Milnerton, near the lagoon area. It was a huge mall with many levels and we walked around shopping and I went out on to the balcony with my little

boy and looked towards Table Mountain and I saw a huge wave headed towards the mountain, it was the size of Table Mountain, I panicked and focused on the sea in front of me and saw another one headed turning towards the mall.

I grabbed my child and ran. I remember it hitting us and everyone going crazy and I managed to get out of the front entrance and decided to walk as far up as I could to get away from the water. I then lost my little boy and I was trying to phone my mom from my cell phone and just could not dial the number, this is reoccurring dream I have btw, dialing numbers and struggling to push the keys.

My mom appeared in my dream at this stage and was missing with my son. I saw animals floating in the streets, so much furniture and I had to walk through homes that were completely flooded. There was chaos and I was in a state as my son was gone. I remember the fear of seeing this huge, I mean huge wave moving towards the mountain and even more fear as one turned towards me. I was terrified for my family and even my ex husband.

The other dream I had was a while back and I was in Bantry Bay and I saw a huge wave coming towards me. I was apparently crying while dreaming this night. I tried to get as far up the hill as possible and the wave kept coming.

The third dream I cannot remember but I know there have been three. I remember waking up from the Table Mountain dream and being very grateful that I have moved to Oudtshoorn and there is no ocean here. For some reason the dream is incredibly vivid and I still experience the panic and terror I felt during the dream. It felt so real.

When i saw your page i immediately thought of my dreams. The wave is huge, I mean way huge and the sky is very dark and grey. I also remember the streets being very dirty and so much dirt floating and antique furniture. I walked from Milnerton to town in the water. I did eventually find my mom and son. I hope this helps.

If I remember more I will send it to you. I feel safe in Oudtshoorn now for some reason and it has to do with the sea.

I've been very prayerful and on the alert the past week. Last week, on the 1st of Sept. I also had a short dream: I dreamt I was waking up in our bed and I saw

water coming in underneath our bedroom door. I had heard some of the earlier prophecies before, but had put those out of my mind because I asked God to warn me if it was necessary.

After my dream last week I asked Him for confirmation. The next day I spoke to a coworker inland on Whatsapp. At the end of our conversation he said he was not sure whether he should share something with me. I said, "I had an important dream last night" so maybe share it because it could help to give me direction.

He asked whether I heard about the latest dreams people were having about the big waves coming and he pointed me to this FB page. How wonderful is God that He reaches out to us in such a way - time and again.

## 71. Amanda Marais

Had this dream about 4 years ago.... i was in a block of flats in Fishhoek. The flats overlooked fish hoek beach. It was night time. Looking out of the window i saw a massive wave approaching Fishhoek, the block of flats that i was in was right in it's path... next thing i knew i was in The Arade (little shopping complex) in Fishhoek. There was absolute chaos and panic... people hurrying around calling for loved ones. Heading towards their cars. I myself was searching for my children.... i woke up feeling terrified... i have had dreams that have come to pass in my own life..

## 72. Tanja

Hi Warren, trust you are well.

I am following all your posts...as you've noticed, there are a lot of people who disregard this whole warning as nonsense. I pray that it will not happen, but deep inside I have this feeling that it has to happen...

So sad, I have (unsaved) family in Cpt. What I have been trying to do since the webinar, is to try and figure out when, according to guidelines, but I think it was Johan van Antwerpen. I'm sure you've noticed a lot of posts and videos on happenings predicted for 23/09... Lord have mercy!! On the 27th of December

there will be a street festival in Sea point, Festival of Chariots, this is the detail on it:

The Festival of Chariots is an amazing East-meets-West cultural experience and everyone is welcome.

The festival offers you the opportunity to explore and appreciate a culture and lifestyle that is friendly to oneself, others and the environment. It makes a fun day out for the whole family.

The parade is the highlight of the festival, hundreds of festival-goers from all over South Africa will hand pull the 20 meter- colourful wooden chariot bearing the figures of Jagannath, Baladeva and Subhadra down the streets of Sea point. The procession is accompanied by melodious singing and dancing. The traditional Jagannath Festival of Chariots is a celebration over 5000 years old, observed in the ancient holy city of Jagannath Puri in India, making it the oldest street festival in the world.

What else can we see at the Festival?

- Live performances featuring classical dance, music and dramas
- Famous Hare Krishna food for all tastes
- Books for the seeker
- Discourses by Spiritually enlightened practitioners
- Exotic imported clothing and books
- Henna tattoos and face painting

According to Johan two other events must happen first. Then there is the get together of the "important/celebrity people", maybe the ANC meeting?

But there is also the Gay pride end Feb 2018 and another spiritual festival of some sort end March....

I am worried about my family, but its not as if they have not heard the calling on their lives before. This morning i asked the Lord just to give me scripture. PSL 118:7-8. I'm holding on to that. We all should!

Warm regards,

Tanja

Hi, really feel weird! Actually just "naar" thinking about it. I previously have dreamed about tsunami's maybe twice over a few years...but last night I was dreaming the world is ending and there was a big tsunami on the way...the date 23 September came up but no year.

I was crying cause I have a one year old I need to protect and I had to leave my dogs and all our things. We had to walk very far and I kept saying we have to get away from the water. Thing is I live in Vryheid KZN :/ but we do have a vacation home in grootbrak river

## 74. Denelle Catherine Bredenkamp Burnett

6/09/17 I dreamt of waters rushing in our homes and obviously more detail but a heavy heavy urge to prepare as the water hits brackenfell. I even dreamt of exactly how to prepare for my pets.

This is making me nervous as my husband joked and said must he buy a boat.

8 years ago I also dreamt of a huge wave and waters rising in cpt and how there was total silence. No phones no electricity no nothing only screaming and panic. We were trying to get to the boat at Ratanga.

## 75. Bonita Jacobs

Wow I had a dream 1 month ago about moving to Cape Town! We just flew down to look for houses and a place where I can start a school and business and while

we were walking in the streets you could feel a earthquake... and all of a sudden there was this HUGE wave coming at us but to big to run away from it.

But God had us in His hand and I had peace in that moment! I pray that God's hand will move and protect if there is a Tsunami to come!

Goeiedag almal

My getuenis met betrekking tot Kaapstad en Vloedgolf.

Reeds in ong.1985 het ek n WOORD VAN KENNIS vanaf die GEES vd. HERE gekry. Wanneer ek die NI ry ,die vlakte na Plattekloof bult af ry. Woord as volg. WAARSKU DIE MENSE HIER GAAN SEEWATER LOOP. Dit het herhaalde kere gebeur.

Het in Kuilsrivier saam met Gelowiges gaan bid oor die waarskuwing.

Twintig jaar het verloop. Gedurende 2005 tydens Colorsfruit se 5jarige seminaar het Wessel van Niekerk my gegroet met die woorde. TAFELBERG GAAN DEUR WATER VAN DIE RES VAN AFRIKA AFGESNY WORD. Hyself het geskrik toe hy besef wat hy gese het.

Ek het hom daarna gebel en gevra hoe het hy van die vloedgolf gehoor. Volgens Wessel het n oorsese prediker die boodskap gekry wanneer sy vlug kom land in die Kaap.

Indien ek dit reg het,dat die lughawe moet verskuif weens seewater.

Wessel het n profetiese bediening,hy boer oppad na Porterville.

Die derde keer het die Gees vd Here baie duidelik vir my die opdrag gegee om die mense te waarsku tydens n telefoon gebed waaraan Juriaan Shreuder van Hopefield en myself deel geneem het.

Ek het benoud geword. Baie gebid,vir ds. Japie Smit woonagtig Riebeek - Wes raak geloop en gevra dat hy voorbidding saam met my oor die onderwerp moet doen. Ds Smit het aan my genoem dat Dr. Willie Marais van Trans-wereldradio n hoofstuk in sy boek ,n Man van God gestuur, geskryf het oor die aardbewing en vloedgolf wat Tafelberg n eiland gaan maak.

Het dr. Marais gebel ,hy was baie duidelik oor die hoofstuk wat hy in sy boek geskryf het. Duidelik oortuig dat hy reg gehoor het.

Daarna een aand gedurende Pinkster biduur het die volg. WOORD tot my gespreek in Riebeek Kasteel.Kaapstad en Vloedgolf, Hiskia en tyd Ninevie en genade. Dit was vir my soos n wenk oor die onderwerp. Ons het nog tyd,die ekstra tyd ,is genadetyd van af GOD.

Oppad terug vanaf oom Angus MMC het n aartappelboer van Redelinghuis getuig dat hy gedurende sy stiltetyd een oggend baie duidelik die opdrag van die Here gekry het om Kaapstad te waarsku oor die aardbewing en vloedgolf. Hy het die Burger gebel,die mense gewaarsku entoe gebeur daar niks. Dit was in die tyd toe die Burger n ad.in koerant geplaas het met n pad reg om Tafelberg. Hy het baie sleg gevoel en nie verstaan hoe werk n profetiese waarskuwing nie.

Daarna het ek een aand in gebel na Livingstonehouse van Dr, Peter Hammond. Gerhardus Steyn agter klein seun van oud. Pres. M.T.Steyn Vrystaat. Gerhardus se woorde aan my was,dieselde as Wessel van Niekerk. Voor ons behoorlik kon gesprek voer vertel hy my dat die Here hom gevra het om af te trek op die M5 pad na Muisenberg en dat die Here hom meedeel dat die gebied voor Tafelberg deur seewater oorstroom gaan word.

Daar is nog insidente . Ek het die Bybelhuis gewaarsku toe hulle in Roggebaai was, hulle het geskuif. So ook GOD TV kanaal. Hulle het ook verskuif vanaf Tafelsig na Juresalem.

Daar is nog n paar getuienis. Op n vlug vanaf MMC Durban het n man van Liesbeek rivier getuig dat hulle dieselde voorbidding gedoen het en dat die aardbewing uitgestel is. Ek het ongelukkig kontak met hom verloor.

Ek het n droom oor die Vloedgolf wat baie skielik gaan gebeur ook gehad.

Ek bid dat almal in Kaapstad tot inkeer sal kom en dat die vloedgolf nie sal plaasvind nie.

Hosea 10v12, Jer.23v5,6 ens. DIE HERE ONS GEREKTIGHEID.

GROETE

ABRI VAN SANTEN

Had the dream about seven years ago.

Two things I remember very vividly, it was as if I was on the mountain looking towards Blouberg.

The Tsunami came in from that side and was already inside the city. It was very realistic.

It was not a wave but rather this wall of water.

My sense was that it was going to cover the whole Cape flats and that the escape route was up the mountain at Paarl.

# Prophetic words concerning the warning

## 1. Mirjam Horak

1 Sep 2017

Saw torchbearers with whistles in their mouths, especially in the Western Cape area. Some of them were holding their torches really high. The higher they held it the brighter the fire.

At one point the whistle was not loud enough for the people to hear. The sound then became magnified and I could hear it very clearly and then saw the people could hear it very clearly.

Before I saw this, I saw this huge dark creature that mostly reminds me of an elephant. This was a massive male elephant that is all puffed up and very angry and black.

When I look at it from the front it looks extremely intimidating. But when I move to the side it was like a hologram, like a smoke screen, nothing to it. It was real from the front but when you look from the side doesn't look real.

This is the stronghold over the region.

Job 40:15-16

***“Look now at the behemoth, which I made along with you; He eats grass like an ox. See now, his strength is in his hips, And his power is in his stomach muscles.”***

This strongman is what is causing people to be distracted not to hear the ALARM and sound of the whistle of the torchbearers, saying, “listen something is up!”

### ***Quoted from article***

His strength is in his loins = reproduction and stomach. Reproduction is the key to having dominion. Whoever is able to reproduce will have dominion and eventually be able to subdue.

This can consume vast amounts of food. It represents a system large enough to oppress multitudes of people. It can be religious, political, cultural or economic. It can even be a blend of these.

<https://www.charismamag.com/spirit/spiritual-warfare/21554-battling-the-behemoths-of-our-time>

Behemoths are erected by the enemy to keep the gospel out and keep multitudes of people in darkness.

They also represent the pride of man.

**The following extract is taken from**

**On Human Pride: Behemoth and Leviathan by Ray C. Stedman**

<http://www.Idolphin.org/3550.html>

Here is an animal that stands for that sense of tyranny that wants to rule over everyone else. It is the picture of **self-centeredness**, that tyranny within us that wants to be in **domination and in control of everything in our lives**.

Jehovah goes on, Job Verse 20:

"For the mountains yield food for him

    where all the wild beasts play.

Under the lotus plants he lies,

    in the covert of the reeds and in the marsh.

For his shade the lotus trees cover him;

    the willows of the brook surround him.

Behold, if the river is turbulent he is not frightened;

    he is confident though Jordan rushes against his mouth.

Can one take him with hooks, or pierce his nose with a snare?"

(Job 40:20-24 RSV)

The obvious answer to all those questions is "**Here is a being that is so self-sufficient and so completely in control that he is filled with self-confidence no matter what happens to him.**"

So you have the qualities of **self-sufficiency, self-centeredness, and self-confidence**. What better description of this enemy within us, our inheritance from Adam, **this independent spirit that says "I don't need God nor anyone else. I'm sufficient unto myself."**

I read four descriptions the other day concerning British people:

A Welshman prays on his knees and on his neighbors;  
A Scotsman keeps Sunday and everything else he can lay his hands on;  
An Irishman does not know what he believes but is ready to die for it; and,  
An Englishman is a self-made man and worships his creator!

Though we may laugh at that application to British people, it applies to the whole human race. We are all like this.

**We uphold this independent spirit.** We glorify it in our movies and television. We hold it up before our young people as something to be aped and followed. We acclaim it as "**the American way of life**"! It is all characterized by **self-sufficiency, self-centeredness, and self-confidence**. We take courses to increase this spirit within us. Yet God says that is the enemy; that is what we have to overcome.

### **Note:**

We need to through the power of His Spirit address this behemoth spirit over the Western Cape area that is distracting the people from hearing. [Prayer over Behemoth](#)

<https://www.hiskingdomprophecy.com/prayer-and-declarations-against-behemoth-spirits/>

So that the Torchbearers will be heard.

**But if I cast out demons by the Spirit of God, surely the kingdom of God has come upon you.** <sup>29</sup> **Or how can one enter a strong man's house and plunder his goods, unless he first binds the strong man? And then he will plunder his house** Matthew 12:28-29

**But even if our gospel is veiled, it is veiled to those who are perishing, 4 whose minds the god of this age has blinded, who do not believe, lest the light of the gospel of the glory of Christ, who is the image of God, should shine on them.** 2 Co 4:3-4

Hierdie droom, sowel as ander wat soortgelyk is, kan beide fisies of geestelik wees of albei.

Wat die fisiese watervloed betref, kan ons nie veel doen nie, net so min as wat ons n komeet kan stop wat op die aarde afpyl. Slegs n massiewe bekering van die inwoners van Suid-Afrika sal so iets kan stop en ons weet dat dit nie sommer gaan gebeur nie. Kaapstad is n walglike stad in die oë van ons Vader en sekerlik

ditto of erger as Sodom en Gomorra met sy openlike homoseksuele status as pienk stad, sy hoë moordsyfer en bendegeweld, sy korrupte parlement wat van hier af "regeer" oftewel nie-regeer. Wat in Kaapstad aangaan betrek die hele SA dus is die droom vir die hele SA in die Gees.

Kaapstad was eens die baarmoeder van n volk wat in 1652 hier geplant is deur God Self. Hierdie volk het later die hele SA beset, maar Kaapstad bly nog steeds die hart/baarmoeder van Suid-Afrika in die gees en SA word van hier regeer.

Tafelberg stel die hoë gedeelte in God se gees voor en die oorblyfsel of "remnant" wat in die Woord as Berg Sion beskryf word, wat maar eintlik die berg in jou en my is wat ons elke dag in die gees moet klim om uiteindelik by Jahshua/Jesus wat bo-op staan, uit te kom in ons lewens. (Openbaring 14) Dus bo die vloed van sonde uit.

n Vloed in die Gees stel altyd sonde voor, sonde soos wat ek hierbo beskryf het. Hierdie GEESTELIKE tsunami het reeds jare terug begin en die hele Kaapstad, voorstelling van die res van die land, is reeds onder hierdie water van sonde verswelg!

Dit is waaroor gepraat en vergader moet word. Dit is die opdrag van God aan elke moderne Noag aan wie Hy hierdie drome gee.

Hierbo het iemand gesê Jaap Marais het n soortgelyke visioen gehad. Nee, dit was nie hy nie, maar Ben Marais, die moderator of leier van een van die Afrikaanse susterkerke. Hy het my persoonlik vertel dat terwyl hy in n vliegtuig in Kaapstad geland het, hy skielik hierdie gesig gesien het van n golf wat Kaapstad oorspoel sodat slegs Tafelberg uitgesteek het.

Komende van hom in sy posisie en ouderdom van in die 80s het ek dit werklik geglo. Dit was al gegee in die tagtigerjare en aan my vertel in die vroeë negentigs!

## **Wat moet ons dus doen teen hierdie stortvloed of tsunami van sonde wat Suid-Afrika verswelg?**

Bid en bid en werk en smeek en waarsku in die Naam van Jahshua Messiah dat Hy hierdie sondaars tot bekering sal ruk, dat Hy hierdie geestelike vloed van boosheid sal stuit, alvorens dit te laat is en die fisiese water/vuur/pessiektes/hongersnood/bose wesens met die swaard hierdie hele land gaan vernietig.

Die hart van hierdie hele multi-nasionale nasie in hierdie land is boos en korrup, hierdie hele goddelose "rainbow-nation" is n volslae mislukking met leiers wat vanuit Kaapstad spot met Jesus Christus en wat in allerhande heidense godsdiens vasgevang is. Hulle is op rekord waar hulle Hom spot, net soos 4500 jaar gelede toe die inwoners van die lae dele met Noag se waarskuwings en bootbou gespot het.

Ek self sal na al hierdie bogenoemde waarskuwing nie n oomblik verder daar bly nie, maar hiermee waarsku ek elkeen in die Naam van JaHWeH ons Skepper om te vlug na die hoër dinge van God, na die Tafelberg in jouself, na Jesus toe wie in jou hart wil wees en daarbinne sal jy dan eers jou antwoord kry of jy fisies moet bly of gely.

Diegene wat Hom verwerp, sal ook geen antwoord binne die hart kry nie en sal julle Noags beskuldig van "fear mongering" sensasie ens. en hulle sal daar bly en op die geestelike lae gebiede van sonde.

Dit is my verklaring na n innerlike gesprek met Jahshua Messiah/Jesus Christus oor hierdie saak.

My personal belief is that this will either be a physical mega tsunami around the coasts of the Atlantic, or the tsunami is a symbol for the tribulation itself (The Last Days will be as the days of Noah: Matt 24:37). This won't be global, something will happen to the Atlantic ocean, the waters will recede, but not after millions have died.

## 5. Vincent Wienand

It cannot be stopped unless South Africa repent like Nineveh did. God may lessen the impact of this tsunami if we believers pray. We are in the season of his return. September 23.

## 6. Chantell Sim

I have not had any vision or dreams but this tsunami weighs so heavily on my heart and mind.

As I was asking the Holy Spirit tonight for some direction I read this, maybe a bit of confirmation that what you are doing with this page is in line with God's will.

Daniel 2:17

Then Daniel returned to his house and explains the matter to his friends Hananiah, Misheal and Azariah.

He urged them to plead for mercy from the God of heaven concerning this mystery, so that he and his friend might not be executed with the rest of the wise men of Babylon.

During the night the mystery was revealed to Daniel in a vision. Then Daniel praised the God of heaven and said:

Praise be to the name of God for ever and ever, wisdom and power are His.

He changes times and seasons;

He sets up kings and deposes them.

He gives wisdom to the wise and knowledge to the discerning.

He reveals deep and hidden things, He knows what lies in darkness and light dwells in Him.

I thank and praise you, O God of my fathers:

You have given me wisdom and power,

you have made known to me what we asked of you,

you have made known to us the dream of the King.

I would like to be added to your conference call, if at all possible. Thank you so much.

## 7. Hanlie Kruger

Good evening and greetings from Windhoek!

Jesus is our Mighty King and Savior and He reigns forever!

I have received a document (via whatsapp) regarding warnings about a tsunami hitting Cape Town. I've spent many nights praying, crying and interceding for South Africa, the land of my birth.

So I feel prompted by His Holy Spirit to forward some of the dreams and Word that Abba has released over the last 2 years. I cry out to Him for mercy at this time.

### DREAM 28 JANUARY 2015

I am in a massive house, a house of gold and white walls, and 3 storey's high. I'm being led through this house by YHVH. I see a room with a crib and a chair for Elijah. At some point a woman tries to attack me (Jezebel), but eventually she flees. As I finish my visit to this heavenly house, I walk down a corridor. Jesus turns around and looks at me with great intensity.

He says:

"YOM KIPPUR, YOM KIPPUR!".

(It was Yom Kippur on 23 September 2015, part of the Bloodmoon tetrad prophecy)

### DREAM 4 SEPTEMBER 2015

(3 phase dream)

1. A group of prayer warriors have been called to pray at a specific place. (a place in the spirit where worshippers meet- John 23:3-4) I see a massive mountain in front of me.(in the physical) The next moment there is a terrible earthquake. It is chaos all around us, but the group gathered for prayer remains calm.

2. We are then specifically called to go pray in Cape town, we gather with many other prayer groups. The building where we gather, is old (like 70's style, I thought of Observatory in the dream).

There is a woman who prays the following:

"A door of enlightenment will open now as I pray".

In my spirit I realized that she is from the occult and I walk out and close a door behind her.(in this building) I tell her "Jesus loves you" and she then manifests a religious spirit, telling me "Jesus is just one of Allah's sons!"

3. Families have gathered in Windhoek (at a swimming pool) to pray.

I see one of my friends there. He has family in Gordonsbay. I tell him with great urgency:

"PLEASE pray about 23 September"

#### WORD AS WARNING TO THE BRIDE OF CHRIST: HAGGAI 1&2

#### DREAM 22 SEPTEMBER 2015

We have been warned to go to a place of safety. Thousands of people are running for cover, it is night time. The people who serve Jesus are calm, there is order and safety. (they just know exactly what to do and where to go- just like Noah and his family did) I run to a specific place (a place in the spirit-) where I see a pastor running in the opposite direction, away from the mountain of safety!

(Mount ZION) I want to stop him from turning around at this time, as there is great urgency to get to a place of safety, but he tells me:

"I first need to get the prophecy!"

I see the place in the spirit where the people are led that have been deceived at this time. It is horrible. I cannot share the full details of that place.

(Spirit of deception and pride operating in the church) WORD AS WARNING: 1  
CORINTHIANS 13, ISAIAH 2

DREAM 20 MAY 2016

My husband and I are swimming in the sea, Cape Town. Lots of people are swimming with us, we are saving people from the waters. There are life savers busy training others to save people from drowning.

I then see a friend (who is in ministry) with a TV celebrity swim past us. Helicopters are throwing massive containers into the sea, to the survivors in the water.

My friend and the celebrity take a container and opens it. Inside is their wine, food (like caviar). A table has been prepared for them, I see news reporters.

We remain in the water, saving people.

(Interpretation: those in religion, pride, performance, arrogance, own agendas will not even see the great need around them. YHWH, HAVE MERCY!!)

DREAM 23 AUGUST 2016

A group of women have gathered at a beach. I see Table Mountain at the background. The woman leading the group, is chanting all the time. She says things like "We welcome you, queen of the waters". Some of the women go into a trance. I then see an octopus climbing out of the water and attaches itself directly to the leader's head. Its tentacles reach other women as well. As it comes towards me, I immediately start repenting for the works of Jezebel. Its tentacle that wanted to attack me, catches fire and burns up as I continue repenting.

WORD AS WARNING: REPENTANCE ACCORDING TO THE 7 CHURCHES OF  
REVELATION 2&3

PRAYER

Abba....Abba..how does one go about these things without freaking out, Father, I have friends and family in the Cape...help me, Abba.

So, I humbly go before Your Throne of grace and plead with You, give us wisdom, Godly council and understanding, anoint us with Your LOVE, YOUR LOVE, YOUR LOVE!

Help us and show us the strategy at this time, a baptism of repentance for the forgiveness of sins.. (Luke 3:3) Lord, have mercy, have mercy, have mercy.

Please, have mercy.

We love YOU, ABBA.

Bless whoever is reading this, protect them and their loved ones. They are Your end time warriors and watchmen on the walls of South Africa and the nations. Bless them according to Deut 1:11.

I ask You to seal this email off with Your Blood and I give everything back to You.

You are the King, You are victorious.

Amen.

## 8. Ulyn Van Zyl

Hi, I noticed your page after a friend shared a post and even though I personally haven't gotten the topic of a Tsunami from the Lord, I did get the following words, over and over for about a week (from end of May 2017) "pack a survival back pack" and I had NO idea what it meant.

(Most of the time when I get things like this, its more so spiritually than physically, however I do believe this one will require both) and yes, if what I came upon unfolds the way it is said it will, most of cape town will be under water, and I've actually assembled a full survival back pack over the last 2 months, with plans of action.

Interestingly enough if you look at the Jewish calendar we are currently in the month of Elul (Month of repentance) and its the same 40 day period now, as when Jesus fasted for 40 days and when Moses fasted for 40 days before receiving the commandments and at the end of this 40 day period of repentance, 2 days later the revelation 12 sign will appear (Will last till about 10/14 October)

I personally don't think it's a coincidence that so many Children of God are getting the same "warnings" about what's coming, but what is coming, can't be stopped.

The reason you know about it, is so that you won't get caught up in it or caught unprepared as a child of God - I've been warning most of my friends and family for the last 2 months, but sadly most choose not to listen.

I personally believe something major will happen in the next two months and I do hope I'm wrong...

## **9. Prophecy over Cape Town - Samuel Doctorian.**

Dear Saints

The prophecy below had been delivered this past Easter Sunday (20/04/2003) in the Lighthouse in Parow by Dr. Samuel Doctorian.

He is well known for his vision of the five angels (each one representing one continent) on the Island of Patmos a couple of years ago. These angels made known to him many things which were to happen. Amongst many other things, they foretold the fall of the twin towers in New York.

Many of the things that have been foretold have in the meantime been fulfilled.

Dr. Doctorian is an Armenian by birth and had grown up in Jerusalem. He speaks seven languages, and visits and ministers in more than 30 countries of the world every year.

We pray that this word would bless and encourage you. I had transcribed it from an audio tape recording which had been made of the service which had been conducted by Dr. Doctorian.

Eben Swart

### **Prophecy: Dr. Samuel Doctorian. Cape Town (20/04/2003).**

"... I'd like to obey the Holy Spirit of God. And the Holy Spirit just now, just now in my spirit telling me not to preach any more. Just to be in the Spirit right now:

*'My children, I'm in the midst of you. My children, I have conquered – victorious over death, over sin, over Satan, over hell. I have won the victory for your soul. I have shed My blood for you. And as I rose from the dead, I have redeemed you. I have redeemed you with My precious blood.*

*The blood that I have shed once and for all will change your whole life. You can claim every gift from Me, every blessing. I'm alive in My church. I will bless your homes. I will bless your families. I will bless your business. I will do wonders for you.*

*I know some of you have lost your first love. I know some of you have failed Me. But My love has never changed – I love you with eternal love. Come to Me today, return to Me. I'll forgive all your sins and all your weaknesses. I'll revive you like never before. I will seal the word with My mighty Spirit.*

*My children, the world is going through great trouble, and very terrible days are coming. Very sad days are coming.*

***Suddenly you will see earthquakes all around Cape Town.*** *Suddenly you will see tremendous flooding and strong winds – great destruction. You will see nation will rise against nation. The world will be in great trouble. The world will be in terrible war.*

*Nuclear weapons man is going to use, and millions are going to die.*

*But My children, I am in the midst of you. I will never leave you. I will be with you to the end of the ages. Be ready, for the trumpet is going to sound and I want to take you to be with Me where I am.*

*My children, be faithful, be true, be humble. Follow My Word, rejoice in Me, and I will bless you abundantly,'*

Saith the Lord.

Oh, hallelujah, to God be the glory..."

# Is there a connection between Revival and Judgment?

For over 20 years now His people have been seeking Him for revival and still we are waiting?

What will it take to bring revival in South Africa?

Will the Lord have to send Judgment for revival to break forth? Or will He send revival first then the judgments? Will judgment even be necessary once revival comes?

What if revival will only come through Judgment?

Does God use His shakings to birth revival?

To answer some of these questions let's look at what the Lord has done in the past revivals.

## Digging the Wells of Revival

By Lou Engle

### **Assessing the Hour**

Cities and nations seem to reach a critical point after which revival and judgment follow closely—often hand in hand. To those who witnessed the terrible San Francisco earthquake of 1906, in which more than ten thousand people were killed, it was no coincidence that the physical earthquake came within days of the spiritual revival that broke out on Azusa Street in Los Angeles and rocked the nations. From it were birthed the Pentecostal and later the Charismatic movements that changed the face of Christianity and the world.

Frank Bartleman, a principal leader in the Azusa Street Revival, recorded his thoughts as it happened:

“I felt a deep conviction that the Lord was answering our prayers for a revival in His own way. ‘When Thy judgments are in the earth, the inhabitants of the world learn righteousness.’—Isa. 26:9. A tremendous burden of prayer came upon me that the people might not be indifferent to His voice....

“The San Francisco earthquake was surely the voice of God to the people on the Pacific Coast. ... In the early ‘Azusa’ days both Heaven and hell seemed to have come to town. Men were at the breaking point. ... When men came within two or three blocks of the place [Azusa Street] they were seized with conviction.”<sup>2</sup>

## Earthquake Evangelism: the San Francisco Quake & the Azusa Revival

At 5:12 AM on the morning of April 18, 1906, San Francisco, California was struck by a deadly and powerful earthquake. Most seismologists believe the quake exceeded 8.0 on the Richter Scale. Though it only lasted between 45 and 60 seconds, the earthquake and subsequent conflagration left over 3,000 people dead, destroyed over 28,000 buildings, and rendered over a quarter of a million people homeless ("San Francisco Earthquake").

The devastating disaster caused panic throughout southern California, and the saints of the newly-formed Azusa Street Mission, who viewed the convulsions as a sure sign of God's judgment and might, used the opportunity to escalate evangelism and call men to repentance.

Frank Bartleman, who chronicled the early Pentecostal revival in Los Angeles, was spiritually spurred by the event and went to great lengths to spread the Gospel in the weeks following the earthquake.

Before the quake, Bartleman had written a tract entitled "The Last Call." He and other Christian workers in the city distributed over 10,000 of the pamphlets on April 22.

According to Bro. Bartleman, many preachers in California were "working overtime to prove that God had nothing to do with earthquakes and thus allay the fears of the people." Bartleman, along with other Pentecostals, aptly attributed the destruction to God's hand and felt compelled to warn others of their need to speedily repent before incurring the further wrath of the Almighty.

Bartleman clearly saw the disassociation of God with the quake as an infernal campaign: "The devil put on a big propaganda on this line . . . He [God] showed me all hell was being moved to drown out His voice in the earthquake, if possible" (Bartleman 50). In 1907, John Casper Branner, a renowned geologist published a chapter in an anthology about the earthquake, which denies the divine origin of tectonic activity:

But whatever theory one adopts regarding the remote causes of earthquakes, the conclusion is inevitable that they are produced by natural causes, one of which is the relief of strains within the earth's crust along the lines of fracture. The knowledge that they are due to natural causes ought to contribute to a philosophical view of them and rid them to some extent of the terror they inspire

in the minds of those who attribute them to the wrath of God and other supernatural causes. (76-77)

In Bartleman's view, scholars, scientists, clerics, and schoolteachers were all involved in the diabolical conspiracy to undermine God's voice in the earthquake.

On 28 April 1906, God began to give Bro. Bartleman a firm message about the earthquake, and he penned a tract on the subject. He finished writing at 12:30 AM and interceded in prayer for California until 4 AM, rising at 7 to take the tract to the printer. The pamphlet was primarily a conglomeration of Old and New Testament Bible verses, systematically strung together to demonstrate the sure judgments of the Lord against evildoers with repeated references to the shaking, turning, quaking, trembling, and melting of the earth. He concludes the tract with a quote from John Wesley, the primogeniture of the Holiness Movement, from which the Pentecostals in Los Angeles had emerged: "Of all the judgments which the righteous God inflicts on sinners here, the most dreadful and destructive is an earthquake" (Bartleman 52-53).

Bro. Bartleman and a network of Pentecostal and Holiness workers throughout southern California distributed 75,000 of the tracts throughout Los Angeles and the surrounding cities. Frank Bartleman personally carried the publication to "missions, churches, saloons, business houses, and in fact everywhere, both in Los Angeles and Pasadena." He documents resistance to the message by both people on the streets and "nearly all the preachers." He was even followed by a policeman, but he claimed: "The Spirit warned me and I saw him coming. I was enabled to dodge him" (Bartleman 51).

The atmosphere in Los Angeles was frenetic. Bro. Bartleman reported that business in the city was at a standstill and that "the people were paralyzed with fear" (Bartleman 52). "Men were at the breaking point," writes Bartleman, "They would fly to pieces even on the street, almost without provocation" (53). Despite the palpable terror, Bartleman **says: "I found the earthquake had opened many hearts"** (50).

In October 1906, William Seymour, pastor of the Azusa Street Mission, published an article entitled "Earthquakes" in The Apostolic Faith, the official organ of the mission. Bro. Seymour claimed prophetic warning of the San Francisco quake in 1905 and believed it to be a harbinger of future destruction.

The Lord says that earthquakes will come as they never have before and more often, because of the wickedness of the people. He wants His people to get ready. The only way He can get you ready is to bring disaster. If you do not

repent, a great many of you will be lost. (2)

Bro. Bartleman certainly saw the cataclysm as a catalyst for the Azusa revival: “The San Francisco earthquake was surely the voice of God to the people on the Pacific Coast. It was used mightily in conviction, for the gracious after revival” (Bartleman 53).

There is no way to quantify the impact of the great San Francisco earthquake upon the Apostolic Faith revival that swept Los Angeles and the surrounding cities in 1906. However, considering Frank Bartleman’s passionate account of his own personal burden after the earthquake and the swift response of Christian workers throughout southern California, we can well imagine the evangelistic emergency sensed by the Azusa saints. Undoubtedly, the reverberating effects of the seismic rupture created a social and spiritual juncture that facilitated the spread of the Gospel message and attracted seeking souls to the humble mission at 312 Azusa Street, the true epicenter of Pentecostal revival in California.<sup>1</sup>

## Azusa (Asusa) Street Revival Birth of the Pentecostal Movement:

**At the turn of the twentieth century, California was a dream destination by many because it had become a major hub of society, education, adventure, and freedoms of all kind. Two events shook California in April of 1906 and forever changed its history. The first was recorded on the front page of the Los Angeles Daily News the morning of April 18, 1906, which read “Weird Babel of Tongues” heard from a “New Sect of Fanatics Breaking Loose” at a former livery stable at 312 Azusa St, downtown Los Angeles. The reporter described a mixed congregation of blacks and whites, which at that time was in itself news worthy that began howling and swaying in such frenzy that no one could understand their utterances. Screams of “repent” were the only audible words that could be heard coming from the Azusa Street Revival. (Balme.2004).**

The second shock that hit April 18, 1906, happened at 5 a.m. when a horrendous earthquake hit San Francisco California. The shock waves were felt from Los Angeles to Oregon, to the Pacific Ocean. There was destruction, death, and desolation that shook the very core of the hearts of those involved in the destruction and those that were watching from afar. There were two more earthquakes in Los Angeles just before noon, causing more panic and uncertainty. (Balme.2004).

Out of this chaos and uncertainty came the birthplace of the Pentecostal Movement Revival and the birth of a spiritual renewal that hit around the world. There were thousands that converged on Los Angeles to attend the revival at Azusa Street Mission. They all claimed to have received a renewed purpose and a new passion to serve Jesus Christ. Even today many of the Pentecostal and

Charismatic church around the world claim their beginnings from the Azusa Street Revival.<sup>2</sup>

## Tsunami in Indonesia by Todd Bentley:

### **The Reality Of The Supernatural World, Ladysmith:**

Sound Of Fire Productions 2005, p 55-57: ...

In July 2004, I was in a meeting in Vacaville, California when I had an open vision. I saw a massive archangel (who was assigned over a continent), with one foot on Indonesia and one foot on Malaysia. Next I saw a tsunami wave rise up out of the sea and in the crest of the tsunami wave I read the word REVIVAL. Then I saw the wave hit Indonesia, Malaysia, and S.E. Asia. After I delivered the word, I asked if there was anyone from Malaysia and Indonesia in my meeting. Four Christian leaders from Malaysia stood up as well as a major leader from S.E. Asia who ministers widely in the region.

These five people took the prophecy back to Indonesia and Malaysia and printed it out. Many Christians and leaders read the word. So when Charlie Robinson (an associate minister of FFM and seer prophet) went over to Indonesia and Malaysia, they told him they believed every part of the prophecy I gave about revival coming to Indonesia, Malaysia, and S.E. Asia, except for one part: "natural disasters don't happen in Malaysia," they said. They told Charlie that they didn't

believe the tsunami part of the prophecy for their region of Asia. So Charlie said, “God will judge the seas,” because he had received a revelation from God about the seven thunders. (Rev. 10) and how God will judge the seven seas.

Then, on December 4th, in downtown Jakarta, the Lord showed Charlie that God would judge a demonic principality over the region which would cause a violent catastrophe in the ocean off the coast of Indonesia. He shared his revelation with one of the Christian leaders there, saying that this disaster would affect all of S.E. Asia. Then, in one of his meetings in Indonesia, Charlie felt led to have everyone roar. The congregation roared for a half hour!

Sometimes the Lord calls us to roar just as He does (Joel 3:16; Hos. 11:10). At God’s leading, we can release a roar by faith just as we would a victory shout (Josh. 6:5). A roar like this often releases a holy indignation within our spirits, as a declaration to the enemy that “enough is enough!” Roaring not only loosens promises that have been tied up, but it also tears down demonic principalities. When we roar like a lion, something happens in the spirit realm. Jesus is the Lion of the Tribe of Judah, and sometimes He causes His Spirit to rise up in our hearts with a groan or a roar of judgment on principalities.

The Lord told Charlie there would be an earthquake after he left Indonesia. Six days after he left, on December 26, the earthquake and tsunami struck. God was judging the seas! They called Charlie and said, “It’s true. Every word of the prophecy is true!” When the tsunami hit, the entire world said, “Destruction! Oh God, why? Why would God allow this to happen? Three-hundred thousand lost their lives.” But listen! The crest of the wave in my vision said REVIVAL! Who would have thought revival would follow a tsunami and an earthquake? <sup>3</sup>

11-03-2011 the world's biggest Tsunami hit Japan.

On the 24-09-2010 Sadhu Sundar Selvaraj prophesied that once again the Lord will shake the nations and specified in what region in the pacific ocean there will be a earthquake. Referencing the tsunami that struck Indonesia in 2004 and that the Lord will again shake the earth.

## The Angels of the Five Continents - Samuel Doctorian

Subject: Prophecy: THE FIVE ANGELS OF THE CONTINENTS Date: Wed, 4 Nov 1998 13:29:31 THE FIVE ANGELS OF THE CONTINENTS Message given by Dr. Samuel Doctorian 16th August 1998 on the Isle of Patmos

### FOURTH ANGEL: AFRICA

The Angels of the Five Continents - Samuel Doctorian

This is an extract from this Prophecy...

Now we go to Africa. I saw the fourth angel with wings fly over Africa, and I could see from Cape Town in the south all the way to the north of Cairo - I saw all the countries there, more than fifty of them.

The Angel of Africa had a sword in his hand - a tremendous, sharp sword.

Suddenly I heard him say: "Innocent blood has been shed. Divisions amongst the people; generations far from the Lord - they have killed one another, thousands of people. I have

seen my faithful children in Africa, and I shall reward all the faithful in the continent of Africa. I shall bless them abundantly.

I shall control the weather - scorching and burning of the sun in some parts.

Great rivers shall dry up, and millions will die from starvation. In other parts, flooding. Foundations shall be shaken. My sword shall judge the unrighteous and the bloodthirsty. So many earthquakes shall happen that rivers shall flow in different directions in the continent, flooding many villages."

I saw great pieces falling from the sky over different parts of Africa.

"There shall be trembling of the earth like has not been seen since the creation. None shall escape the sword of the Lord."

I saw the River Nile drying up. It is the god of Egypt. Fishes dead and stinking all over Egypt. A great part of the middle of Africa will be covered with water - millions dying.

"Lord," I said, "It is all bad news. All destruction. Any good news?"

The Lord said: "The final day has come. Judgment day is here. My love has been refused now, and the end has come."

I was shaking and trembling. I thought I cannot bear it.<sup>4</sup>

## Floods in Mozambique release revival

Interview with Heidi Baker (<http://www.healing2thenations.net/news/03-04-16.htm>):

“ ... it’s in the devastation and destruction that you see the great power and might of God. **In horrific times, revival comes.** The revival in China came in the midst of great persecution. The revival in Mozambique came in the midst of great floods. The greatest church growth is coming in the midst of famine. In the midst of famine, in the midst of flood, people are running to Jesus by the thousands ... So we feed the nations physical and spiritual food. There’s always enough because He died. So I just believe Him.”

Newsletter by Rolland & Heidi Baker, 2 September 2000 ([www.irismin.org/news/newsletters/view/crusading-in-the-bush](http://www.irismin.org/news/newsletters/view/crusading-in-the-bush)): Since the Floods. **Our corner of Africa has opened up wide to the Gospel since the severe floods in Mozambique earlier this year.** World-wide attention was focused on a nation that previously had endured decades of war, drought and economic

disaster in almost complete obscurity. The flooding was savage, but Mozambicans learned their need for God. Christians around the world interceded for the nation and gave generously with open hearts and hands. Whole rural populations came together in refugee camps and heard the Gospel all at once. Tens of thousands came to Jesus in our meetings, and other missions saw rich fruit as well.

Our red-hot, Spirit-filled bush pastors, trained in our short-term Bible school, dived into the camps and ministered with energy from God Himself. As the numbers of believers climbed, we planted new churches, appointed new pastors and brought them to Bible school too. Spiritual fervor among the flood victims shot up. They found out Jesus could drive out demons, heal the sick, and replace witch doctors with grace, beauty and love. They wanted Bibles more than rice and blankets, more than anything. We'd arrive, and they'd cry, "Let's have church!"

As the flood waters receded, the refugee camps dispersed. The homeless are trying to start over, many in new locations. But our churches are intact as pastors stay with their people and they continue to seek God together. As fast as pastors come through our Bible school, more rise up until now we have almost a hundred in our current three-month session. We also find that our pastors and network of more than four hundred churches in remote rural areas provide us with the best possible distribution system for relief goods among those who need help the most.

Five months after the floods, agriculture in Mozambique is still in crisis. Seed and farming tools are needed by hundreds of thousands. Replanting has been delayed by a long dry season, and the upcoming rainy season may disrupt travel on roads that are still barely passable. The Mozambican economy, already one of the poorest in the world, has lost hundreds of millions of dollars to flood damage. Food, clothes, tools and medical help are still needed as much as ever, especially in districts untouched by previous relief efforts.<sup>5</sup>

## Cape Town in Asteroid Zone

### Cape in asteroid tsunami zone

**Cape Town's coastline could be hit by a major tsunami if an asteroid risk map just released has it right.**

Astronomer Nicola Laoring, of the South African Astronomical Observatory, says the map indicates that Western Cape would be at risk.

"If an asteroid hits water, which is a distinct possibility given that 70% of the Earth is covered in water, then the impact could result in a tidal wave causing a tsunami in coastal regions.

"The western coast of South Africa is also a high risk area as it lies along an asteroid impact corridor," she said.

## CAPE TOWN Government posts about Tsunami

The screenshot shows a web browser displaying the City of Cape Town's website. The URL in the address bar is <https://www.capetown.gov.za/en/DRM/Pages/SeaStormSurgeandTsunami.aspx>. The page features the City of Cape Town logo and navigation links for City Home, Site guide, Site index, and a search bar. A green header bar reads "Disaster Risk Management". Below it, a breadcrumb navigation shows "City of Cape Town > English > Disaster Risk Management > Sea (Storm) Surge and Tsunami". The main content area is titled "Sea (Storm) Surge and Tsunami".

### What is a tsunami?

A tsunami (which is Japanese for “harbour wave”) are a set of very large waves, which are created by any rapid, large-scale disturbance of the sea, including earthquakes, landslides, volcanoes, asteroid impacts or extreme weather events (meteor-tsunamis). They generally have very long wavelengths (up to 100 km or more) and high velocities (sometimes exceeding 800 km/hr), but may have small wave heights (few decimetres) in deep ocean. However, once they reach the coast and shallower water, their velocity decreases therefore increasing their wave height.

The most destructive tsunamis are often triggered by sudden vertical displacements over large areas due to large shallow earthquakes along geological plate boundaries or large fault zones, which may cause a vertical displacement in the water column.

The tsunami probability risk is low for the coastal areas of Cape Town but the hazard is not totally excluded due to the mid-Atlantic and Indian Ocean faults and their related earthquake potential. Listen to the radio or TV for any tsunami warnings, and if you observe any unusual sea conditions move inland to a higher ground elevation.

By drafting your own [Family Emergency Plan](#) and identifying all your risks, including those hazards affecting your own environment, you can make a positive contribution to preparedness.<sup>6</sup>

# What about words of warning and Judgment?

Jesus warns us of the deception in the last days. How do we stay in the truth? How do we know that we are not deceived as the very nature of deception means that we are unaware of the deception. No one walks around knowing and believing they are **deceived and accepting what they believe to be deception.**

No one wants to be deceived, yet we all are deceived.

We are deceived to the degree that we don't know the truth the way Jesus does.

The first thing to coming into the light is knowing and acknowledging we are in the dark. Admit we have a problem. Religious spiritual pride is the most dangerous of all. This is what blinded the most learned Pharisees and Sadducees from seeing Jesus. Just think of that. They studied the word every day and could quote the multiple books of the bible, yet then when the Word Himself appears they resist Him and kill Him. Shocking!

Knowing the bible with our mind is not the answer, only knowing the word of God by His Spirit will lead us into all truth.

To understand how deception works in us we need to understand how our own hearts work. Our hearts are like castles, with castle guards of pride guarding our belief system. Any time someone comes with a contrary belief or word to us, our guards will stand up and argue or ignore the word as it does not line up with our belief system.

So we have a really difficult time in receiving the truth as we permit guards that we have trained to resist anyone and anything contrary to what we believe is right. We will die for this.

Once we accept the truth that our hearts are desperately wicked, and that only God really knows our hearts, then we are closer to the truth.

## **How do we know it is God warning us?**

### **If the word generates fear in me, is it from God?**

There is a statement out there, "If the word generates fear in me, it is NOT from God"

Just because a prophetic word or warning exposes fear in us, does not mean it is not from God.

The main question is, is the word true? Do not judge the word by your reaction to it, but test the word according to God's word and according to the Holy Spirit. If the word is true, and you don't like it, that is another matter. It can cost you your life.

The main focus is that worldly fear is not from God – but Godly fear is. There are two types of fear. The fear of the Lord is the very beginning of wisdom.

Many words that Jesus spoke, and even much of the book of Revelation, can expose fear in our hearts. This does not mean it is not from God.

## Example 1 - Jesus commands the fear of the Lord:

**"And I say to you, My friends, do not be afraid of those who kill the body, and after that have no more that they can do. <sup>5</sup> But I will show you whom you should fear: Fear Him who, after He has killed, has power to cast into hell; yes, I say to you, fear Him!** Luke 12:4-5

Here Jesus commands us to fear God. The fear of God is a good thing.

This means we should fear God as He can throw us in hell.

Does this word generate fear? What kind of fear do you feel? If it draws you closer to God it is the fear of God. If it makes you run away from God it is worldly fear and is from the devil.

## Example 2 - warning from Jesus

**For nation will rise against nation, and kingdom against kingdom. And there will be famines, pestilences, and earthquakes in various places. <sup>8</sup> All these are the beginning of sorrows.**

**9 "Then they will deliver you up to tribulation and kill you, and you will be hated by all nations for My name's sake.** Matthew 24:7-9

Yet another warning from Jesus for the end time Bride of Christ. Does this generate fear? Many will not preach this word because the sheep will fear. They prefer to hear words that tickle their ears. Yet this word is the truth.

So the danger of saying no word must generate fear can exclude us from many words of God and keep us deceived.

## Example 3 - prophetic warning to the Acts Church

**And in these days prophets came from Jerusalem to Antioch. <sup>28</sup> Then one of them, named Agabus, stood up and showed by the Spirit that there was going to be a great famine throughout all the world, which also happened in the days of Claudius Caesar. <sup>29</sup> Then the disciples, each according to his ability, determined to send relief to the brethren dwelling in Judea. <sup>30</sup> This they also did, and sent it to the elders by the hands of Barnabas and Saul.** Acts 11:27-30

What was the response to this warning of famine? Was there fear? No. Did they reject the prophet because the word was negative? No. Because they were filled with Love they knew what to do. As love always knows what to do. They received the word from the prophet and took action. They operated in love and started to help each other by gathering their own goods in order to send it to their brethren in Judea. This was the true prophetic church in action. They saw the disaster coming – and prepared for it and did something even before the disaster came.

If we want to walk as the book of acts church then we need to embrace the warnings God give His prophets and take action.

What would have happened had they rejected the word of warning through the prophet? The brethren in Judea would have suffered a great deal as the fear would have kept them from acting before the crisis in sending food.

## Do God's words release fear?

It all depends on what type of fear you are talking about? God's word whether it is a word of warning or encouragement is always brought to us with love.

The ones who are afraid when God speaks, with worldly fear, are the ones who already have fear in their hearts. When God speaks a word of warning to a child of God who is filled with love, they are not filled with fear. They are filled with peace and thankfulness that their loving Father warned them of the calamity to come. They now seek wisdom and take action.

## Discerning the difference between the fear of God and worldly fear

All worldly fear is from the devil, the only fear we can embrace is the fear of the Lord, which draws us to Him in Holy reverence and fear, respect. It brings us to obedience, as this is the very first step in wisdom. As the fear of the Lord is the beginning of wisdom.

No word, whether from God or Satan, should generate worldly fear within your heart. The mature have been perfected in love. If the devil himself speaks a word to you, it will not give you fear, as the fear it comes with will not be received by the Love of God within you. However, when God speaks a word, His word is always coming out of love. If it is a warning, it is there to wake you up. It might not feel like love, but it is His love. Just as sure as His judgments and chastisements are His love. As He chastises those He loves. Many reject God's chastisement, because they think that a God of love does

not rebuke or chastise. This is contrary to scripture, as we see in Hebrews 12 and Revelation 2-3. Jesus openly rebukes, corrects and chastises the church of Asia.

So why are we so different from the church in the book of Acts? I believe it is due to the fact that we are lacking in the fear of the Lord, because we have not discerned the difference between the fear of the Lord, and the fear of the world.

In the book of Acts, they feared the word of the Lord through His prophets and apostles.

**And they continued steadfastly in the apostles' doctrine and fellowship, in the breaking of bread, and in prayers. <sup>43</sup> Then fear came upon every soul, and many wonders and signs were done through the apostles.** Acts 2:42-43

What fear was this, that came upon every soul? Did they resist the fear? No, they embraced the fear of the Lord, and the word of God multiplied, and miracles multiplied. This is what true revival looks like.

Like Owen Murphy in his books when God steps down – talking about the Hebrides Revival

### ***THIS IS REVIVAL!***

*When men in the streets are afraid to open their mouths and utter godless words lest the judgments of God should fall; when sinners, overawed by the Presence of God tremble in the streets and cry for mercy; when, without special meetings and sensational advertising,*

*the Holy Ghost sweeps across cities and towns in **Supernatural Power** and holds men in the grip of **terrifying Conviction**; when "every shop becomes a pulpit, every heart an altar, every home a sanctuary" and people walk softly before God—**This is Revival!** Today the word **Revival** has largely lost its real meaning. Our present generation, never having witnessed the mighty movings of God in nation-wide spiritual awakening such as has taken place in past generations, has little conception of the magnitude of such a "visitation."*

***REVIVAL is confused with EVANGELISM!***

*Heaven-sent revival is not religious entertainment where crowds gather to hear outstanding preachers and musical programs; neither is it the result of sensational advertising—in a God-sent revival you don't spend money on advertising; people come because **Revival** is there!*

*Revival is an "awareness of God" that grips the whole community, and the roadside, the tavern, as well as the church, becomes the place where men find Christ.*

## **Why do some people fear when God gives a warning?**

The fear that you feel when you hear of a major warning personally or corporately is the fear that is already in you that is manifesting. The important part is what you do now. If you love God and all people the perfect love will cast out the fear and you will receive the word of warning.
